Noted Aviatrix Visits Marion

PREPARING TO LEAVE Marion Municipal Airport in her airplane 'Dream Ship No 7,' is Arlene Davis, famed Ohio aviatrix who addressed the Marion Kiwanis Club at a luncheon meeting Thursday. Seeing her off are E L Mitchell, (left), president, and George Lane, program chairman for the day, who introduced Mrs Davis The aviatrix flew to Marion for the talk from her home in Lakewood near Cleveland (Story on Page 12).

Airliner Crashes in Flames In Missouri, 30 Aboard Die

U.S. Proposal Not Rejected, Russians Say

Bulganin Declares Air Inspection Still Under Consideration

MOSCOW (AP)—Premier Bulganin said today his government will continue to study President Eisenhower's proposal for an exchange of military information and mutual aerial inspection

Bulganin told the Supreme Soviet that Soviet Russia naturally prefers its own disarmament proposal but nevertheless will not refuse to consider other sincere plans

In this connection he said Eisenhower s proposal still is under consideration The Soviet Union is trying to find ways to get the positions of the two sides closer together and find agreement, the Premier asserted

Thursday Bulganin told the Supreme Soviet President Eisenhower's plan would be ineffective 'because our two countries comprise vast areas on which if it were desired one could hide anything one wanted to' The 1 500 deputies burst into laughter at this

The statement Thursday was taken as a rejection of the plan

But President Eisenhower said later he did not feel Bulganin had closed the door to agreement on disarmament Eisenhower said the United States will consider sympathetically Russian proposals along the same line with a determination to find a solution fair to both sides

Bulganin's remarks came during discussion of his report on the Geneva summit conference

"Everything will turn out well,' Bulganin told the deputies today, and they broke into cheers

The Prime Minister made a surprise return to the podium in the air-conditioned parliament chamber He said his statement Thursday on the impracticability of the Eisenhower proposal had been 'misunderstood" by the foreign press

'The Soviet Union is naturally partisan to its own plan,' Bulganin said, 'but the Soviet Union has not refused nor is it refusing to find ways of solving this difficult problem"

Bulganin s speech wound up a

THIRTY PERSONS were killed when an American Airlines plane crashed and burned at Ft Leonard Wood Mo , while trying to make an emergency landing

UPPER Searchers probe the wreckage of the plane in which 27 passengers and three crewmen were killed A wing struck a tree and the airliner cartwheeled into this wooded area

LOWER First Officer William G Gates (left) and stewardess Thelma Ruth Ballard (right) were among the victims of the crash.

Pilot Battles Blaze for 30 Miles, Loses

Wing Crumples When Plane Banks To Land At Ft. Leonard Wood

FT LEONARD WOOD Mo (AP)—A pilot kept his crippled American Airlines plane aloft for more than 30 miles in a desperate bid for a safe landing Thursday but crashed just short of his goal

All 30 persons aboard were killed

'Just a little more and he would have made it' said an eyewitness Lt A J Brewster of Ft Leonard Wood "The plane came in very low over a housing area, then banked steeply and headed for the post airport

Wing Falls Off

'One engine was trailing flame and smoke Then over a wooded area the right wing fell off"

The airliner crashed on the edge of this sprawling Army post

It was the second time within 10 months the pilot—Capt Hugh Barron, Tulsa, Okla —had tried for an emergency landing Last Nov 9 he was credited with saving the lives of 40 passengers on another crippled plane

Most of the bodies in Thursday s crash were burned too badly for quick identification

The twin-engine Convair with 27 passengers and three crewmen, was only half a mile from the post s Forney Airport when it lost its right wing and plummeted into a heavily timbered gully Hours later the wreckage was still smouldering

Many See Crippled Ship

Numerous eyewitnesses at Lieber Heights, where some 6,000 people live saw the plane streak overhead in sunny weather at an altitude estimated variously at from 200 to 500 feet

Pvt Beverly Streeter, a Wac from Asbury Park, N J , said she saw the plane over the housing area seconds before the crash

"Flames were pouring from the engine, and the whole underside of the ship seemed swept by fire" she said "It was terribly low but it was headed for the airport and we thought it might make it

"Then there was a series of muffled explosions Sparks fell from the plane and it disappeared behind the woods"

Earlier, smoke was seen pouring from one of the engines at Lebanon, Mo , 30 miles away

Several other eyewitnesses reported seeing the right wing break from the plane The wing was found on a hill a quarter of a mile from the main wreckage

Priest Among Victims

The dead included eight women, two children and a Catholic priest, the Rev George L Krock, 47, Maryknoll, N Y.

In his successful landing last Nov 9, Barron was piloting a Convair when the landing gear jammed over Chicago's Midway Airport For an hour he circled the airport trying to get his wheels down Then he came in for an

Freed Airmen Land in Tokyo, Enter Hospital

11 Will Get Thorough Medical Check Before Flying Back to U.S.

TOKYO (AP) — Eleven freedom-relishing U S airmen who denounce Red Chinese charges of 'spying" landed here tonight on their way home after 36 months in Communist prisons

The fliers landed from Manila and were whisked to the base hospital

The 11 were freed Thursday at Hong Kong in a surprise Communist action of which they first learned in their Peiping cells Sunday

The prison-thinned fliers were brought here in two plush C54 transports One was Gen Douglas MacArthur's former personal plane Bataan The other was the personally assigned plane of Gen Lawrence S Kuter, Far East Air Forces commander

JACKSONVILLE Fla (AP) — A Navy hurricane hunter airplane out of San Juan Puerto Rico this morning found the eye of the first big hurricane of the season, Connie

The Navy Neptune piloted by Lt Comdr Ray C Newman took off from San Juan at midnight to be in the storm s vicinity by daybreak

Winds of over 125 miles an hour were reported in a small area near the center Moving slowly westward the storm is now about 1 500 miles southeast of Jacksonville

No Relief in Sight

94 for Third Day; Anyone Say Uncle?

Marion along with most of the nation sweltered under temperatures in the mid 90 s Thursday and more of the same was in store today despite the possibility of rain

For the third straight day, the temperature reached 94 yesterday with the mercury dropping only to a low of 72 last night The temperature is expected to top 90 again today for the seventh day in a row Shortly before noon it was 88 and climbing

May Hit 100

The Ohio forecast today called for temperatures from 95 to 100 with a chance of isolated thundershowers this afternoon or evening and a low of from 68 to 76 tonight

Some of the scorched northern areas of the Midwest got a little cooling but another day of hot and humid weather was the outlook today for most of the nation

The season s longest heat wave held a tight grip on areas from the central and southern plains eastward to the Atlantic states The hot weather continued across the southern tier of states

Iowa Gets Relief

The cooler air which moved into the Northern Plains pushed southeastward and the forward edge extended from eastern Lake Superior southwestward to north western Iowa It was expected to continue to move southeastward to the southern shores of Lake Huron southwestward through extreme northern Illinois and southern parts of Iowa by tonight

Temperatures in the cooler areas were expected to be mostly in the 80s But readings in the 90-100 degree range which have prevailed for more than a week in many areas, again were forecast for today

The current heat wave was blamed for at least 61 deaths, with 20 in Iowa, 19 in Illinois, 17 in Missouri, 3 in Nebraska and 1 each in Connecticut and Virginia

Temperatures dropped Thursday as much as 26 degrees in parts of North Dakota from Wednesday s 100-degree marks The 90-plus readings extended from the interior valleys of California and Oregon eastward to the Atlantic coastal and southern New England states

Bandit Credits Brink's Guard With Bravery

BUFFALO N Y (AP)—The guard who foiled a holdup of a Brink's armored car carrying half a million dollars is "too brave to be protecting just money' one of the captured bandits says

Sylvester Mazzella, seized with a companion Wednesday after a dramatic gunfight, said Thursday that guard Eugene Clohessy should be protecting lives, which are something you can t replace'

Clohessy 27, alerted police despite a shoulder wound he suffered when a trio of masked men cut loose with a submachinegun at Brink s garage

Mazzella, 46, of the Bronx and Anthony Pattinato 39, of Baltimore traded shots with swarms of police but were caught within an hour

Their loot of $150 000 was found abandoned

The third bandit fled A 14-state alarm was issued for Jimmy Sheridan alias Jummy Salemerno, of New York City Canadian police were alerted after a report that Sheridan might have fled across the Peace Bridge

Detectives discounted theories that the gunmen were involved in the biggest cash haul in the nation s history That was the $1 219 000 Brink s holdup in Boston Jan 17 1950

'We wanted to hurt nobody" Mazzella told police It s ironic that we re here because of one man s courageous act"

World's Oldest Warship En Route for Baltimore

BOSTON (AP) — USS Constellation, world s oldest warship afloat quietly departed Boston today for Baltimore, where she was launched in 1797

Navy officers estimated the towing job would require four or five days At Baltimore Constellation will be placed in a snug bed of masonry, at the expense of Marylanders who put up $100,000 for the job

In her prime Constellation twice humiliated French naval forces and soundly trounced the Tripoli pirates She also participated in the War of 1812 and the Civil War.

Ike Reported Drafting Fresh Offer to Russia

Three Injured In Collision in Vernon Heights

Cabs Crash at King And Bexley; Drivers, Passenger in Hospital

Three persons were injured and admitted to Marion General Hospital this morning following a collision of two taxicabs at the intersection of King and Bexley Aves

Sheriff s deputies, investigating the accident, reported that a cab driven north on King Ave. by Chester R Palmer, 57, of 349 N State St , collided with another cab driven east on Bexley Ave by Glenn N Felty 25, of 535 Davids St Both cabs are owned by the Marion Radio Red Cab, Inc , and were 1955 model cars

Felty had a passenger, Rosemary Terry 17 of 1028 W Center St She sustained injuries to her left side and chest

Palmer, alone in his taxi sustained chest injuries and possible broken ribs, while Felty sustained lacerations of the face, a possible broken right arm and back injuries

All three were admitted to Marion General Hospital Both Palmer and Felty told deputies they did not see the other cab approaching at the intersection, where there are no stop signs

The accident occurred shortly after 9 a m Extensive damage resulted to both cabs

It was one of five accidents reported today by law enforcement officials

The sheriff investigated one oth-

Borderland of Law

Probe Started on Unpaid Governmental Employes

WASHINGTON (AP) — Asst Atty Gen Stanley N Barnes says his Antitrust Division has started a new probe into the kind of unpaid government jobs held by businessmen

He coupled the announcement to a House Judiciary subcommittee Thursday with disclosure that an oil company official had been removed as head of an Interior Department advisory group on foreign oil supplies Barnes said such cases involve 'a borderland of law and ethics"

Chairman Philip Young of the Civil Service Commission appearing before the same subcommittee, said three other businessmen on loan from their private companies had been found in "operating" positions where they should not have been

He said these were the only three cases of the kind found under the Eisenhower administration and 'all three were corrected voluntarily when called to the agencies attention by the Civil Service Commission"

In related developments

1 President Eisenhower at his news conference, defended the employment of Brig Gen W W White as head of the Defense Department's Petroleum Logistics Division He said the law permits him, as a reserve officer to draw pay both from the government and from the Esso Export Corp , of which he formerly was vice president Sen Neely (D-WVa) has criticized White's status

"It would be idle" the President said, "to employ as a consultant anyone who didn't know something about the petroleum business He is bound to come from the petroleum industry"

2 Barnes said the government is challenging the right of Secretary of State Dulles' former law firm to defend two oil companies against a 100-million-dollar suit by the government for alleged overcharging on foreign oil shipments The firm, which Dulles left just

$2 Million Sweepstakes

Horse Racing Law Vote Slated in New Hampshire

CONCORD N H , (AP)—Despite opposition cries that it is "a sign of moral political and financial bankruptcy" the New Hampshire Legislature has passed a bill which would establish a two-million-dollar state sweepstakes based on horse races

Republican Gov Lane Dwinell has indicated he will sign it

Sponsors estimating annual revenue at two million dollars, tacked it onto a $350 000 school construction bill but the Senate killed an amendment to earmark all income for education

The proposal, defeated in the Legislature for the past three or four years, calls for two special horse races a year at Rockingham Park in Salem The State Racing Commission would control operation of the sweeps

No plans have been announced to show how the scheme would work but its sponsor, House Minority Leader Laurence M Pickett a Democrat from Keene, suggested tickets be priced at $5 and that the top prize be $25 000

The proposal was passed Thursday by the Senate 13-10 The House approved it Tuesday 166-141

The Rev H MacFarlane, of Concord superintendent of the New Hampshire Christian Civic League, said he opposed further state dependence on gambling revenue and warned if the measure were adopted it would unite the antigambling forces in the state

Others opposing it were the head of the State Department of Education the secretary of the New Hampshire Education Assn and the State Grange

Honor Graduate

Mother Was Communist; Cadet Loses Commission

KINGS POINT, N Y (AP) — An honor graduate of the U S Merchant Marine Academy — whose mother quit the Communist party at his insistence — has been denied a naval reserve commission because of her former activities

Cadet Midshipman Eugene W Landy 21, received word of his rejection on the eve of exercises at which his 54-year-old mother is to watch him graduate today with three of the academy's highest awards

"I wish they'd punish me instead of him" his mother told reporters while visiting a sister in New Jersey

Acknowledges Role

She acknowledged she was a Communist party member from 1937 until 1947 or 1948, when she quit under urging from her son

'He sort of gave me an ultimatum that I quit or he would leave home He reformed me and yet he is suffering for it I wish they'd punish me instead of him I d rather go to jail than have him suffer."

The midshipman, one of Mrs Landy s three sons, will receive a bachelor of science degree and a certificate of qualification as a Merchant Marine officer along with 95 classmates

But Rear Adm Gordon McLintock, academy superintendent said Landy will not receive a commission in the naval reserve 'unless we get a counterstatement" to a Navy order barring the commission

Admits Connections

The admiral refused to link the Navy action to the former activities of the cadet's mother, but an academy spokesman admitted there was a connection

In Washington, Asst Secretary of the Navy Albert Pratt told a reporter the denial of the commission was "a considered action by the Navy" He refused however, to discuss the case further.

Another Navy official in Washington said an investigation had shown that Landy was "extremely

2 Dead in Wake Of Duel in Gary

Telephone Solicitor's Call Prompts Shooting

GARY IND (AP) — A telephone solicitor's chance call Thursday sent a Gary policeman on an investigation that resulted in a gun duel and ended in death for the officer and a 32-year-old steelworker.

Police Sgt. Ray Hahn said Patrolman John Moore, 37, although wounded three times, killed Arthur Wright with five bullets from his revolver at Wright's home.

Wright was dead when Moore's fellow officer George Vinchur who was in the patrol car reached the back of the house. Moore shot twice in the chest and once in the head, died in a hospital 45 minutes later.

The solicitor, Mrs. Virginia Sofranoff, had called Wright's home by chance. She said she heard a young girl say, 'Call the police to 655 Indiana Ave.' The girl repeated the address and then hung up. Mrs. Sofranoff called police.

Vinchur said the house was quiet when he and Moore arrived. He said Moore went to the rear and moments later he heard shots. He ran around the house and found Wright dead and Moore dying.

Two sisters, 15 and 8 years old, who were in the house told police they were Wright's nieces. They said their parents were separated and they had been living with Wright and his wife.

Sgt. Hahn said the girls stated that after Mrs. Wright left for work in the steel mills, Wright locked the younger girl and his 2-year-old son in a room and then tried to molest the 15-year-old girl.

The girl said she repulsed Wright and he beat her for about two hours, finally threatening to attack her sister if she did not submit.

The younger girl said she escaped from the locked room and answered the telephone when Mrs. Sofranoff called.

$50,000 Damage Action Names Cowboy Singer

LOS ANGELES (AP)—A $50,000 damage suit has been filed against Jimmy Wakely, singing and guitar-playing cowboy, by the mother of 18-year-old Anita R. Hayes, charging an attack "with force and violence."

Mrs. Thelma R. Hayes said the alleged attack occurred April 25 while Miss Hayes was "lawfully in Wakely's Hollywood office," that it was unprovoked and that it caused serious injury and mental shock.

Wakely is away on tour.

Columbus Woman Dies Unaware of Son's Death

COLUMBUS, Ohio (AP)—When police reported that Charles Thompson Jr., 16, shot himself July 12, the boy's mother, Colene, 34, was in a coma in a hospital. She stayed in the coma until yesterday when she died at her Columbus home of a blood disease, unaware her son had killed himself.

Girl, 4, Tries To Enter Pool by Exit, Gets Stuck

LOUISVILLE, Ky., (AP)—Mrs. A. W. Sarbo and six men had to rescue Mrs. Sarbo's daughter, Jeanette, 4, after she tried to enter a swimming pool by the exit. Her head got stuck in the bars of the locked turnstile. Her mother had forbidden her to go near the pool because she was too young.

Clinic's Staff Plans To Split

Richwood Physicians Will Disband Sept. 1

RICHWOOD — The Richwood Clinic, organized here in 1950, will be dissolved Sept. 1.

Dr W P. Drake, Dr. J. S Lilly and Dr. Robert Distelhorst, the clinic staff, will disband at the end of this month. Dr Drake will continue in the clinic building with his general practice while Dr. Distelhorst will open a general practice office at the rear of his residence Dr. Lilly plans to enroll at the University of Pennsylvania in Philadelphia for training as an eye specialist.

The clinic was organized in 1950 by Dr. Distelhorst, Dr Drake, who maintained an office in the building from 1946 until that time, and Dr Maurie Amshutz The three were medical students at Ohio State University at the same time.

When Dr Amshutz left for the Army in 1951, Dr. Lilly replaced him on the clinic staff.

Two of the three physicians, Dr. Drake and Dr. Distelhorst, are married and have their homes in Richwood. Dr. Lilly has resided in Richwood. Dr. Drake has two sons, aged 8 and 3, and Dr Distelhorst has a son, 6 and a daughter, 3.

Two Teachers Hired by Board At Elm Valley

ASHLEY—At the Monday night meeting, the Elm Valley Board of Education employed Douglas Nichel of Cortland, N. Y, graduate of Ohio Wesleyan University, to teach music and band.

The board also re-employed Mrs. Gwendolen McDowell to teach English and Latin The course in first year Latin will be offered this year. Mrs. McDowell retired two years ago, but a recently passed law, effective Sept. 1, permits her to teach again.

The board also approved a course in driver education for the first time

At present, there are vacancies for a football coach, for a teacher in driver education and an English teacher in the seventh and eighth grades at Kilbourne.

At this meeting, all the cooks were voted a wage increase of $10 per month

School will open Sept. 6 and will close two days, Sept. 22 and 23, for the Delaware County Fair.

Newest Deputy Defense Chief Takes Position

WASHINGTON (AP) — Reuben B Robertson Jr. was sworn in as deputy secretary of defense today in a White House ceremony which produced a facetious reference to the furore over retiring Secretary of the Air Force Harold E. Talbott.

After Robertson had taken the oath as successor to Robert B. Anderson, Secretary of Defense Wilson leaned over to President Eisenhower and told him with a smile that the new No. 2 man in the Pentagon has "no conflict of interest except his family and that is accepted in all circles."

Wilson did not go beyond that but he obviously referred to the controversy which grew out of a Senate inquiry into the outside business affairs of Talbott. The Air Force secretary, protesting that he has done nothing unethical, has resigned effective next week.

Wilson's mention of his new deputy's family stemmed from the fact that Robertson, president of the Champion Paper and Fibre Co. of Hamilton, Ohio, was accompanied by his wife and six children ranging in age from 1 to 15 years. Also in the crowded Cabinet room were his parents, from Asheville, N. C.

After the oath was administered by Frank Sanderson, a White House official, Eisenhower handed Robertson his commission and then shook hands with the entire family.

Anderson, whose resignation took effect with the swearing in of his successor, also was present.

mier closed the door on negotiation to end the arms race.

He appeared at a news conference Thursday to be at least moderately optimistic that disarmament negotiations with Russia will eventually lead to agreements "fair . . . to both sides."

He spoke more sternly, however, when on Red China and possible U. S. recognition of that country. He made clear he is not interested now in any future summit meeting on Far Eastern problems, and he said of recognition:

"Several times I have stated that as long as Red China is branded as an aggressor by the United Nations, which it still is, due to the fact that its armies are in North Korea, we have no choice of our own (about recognition), and I don't see how the United Nations has a choice of its own.

"There are other outstanding complaints which I have outlined time and again, and I have no idea that under existing circumstances there would be a change . . . in our policy."

Reunions

FOOS

The 47th reunion of the Foos family was held Sunday, July 31, at Singing Hills Farm, the home of Mr. and Mrs. L. L. Foos and daughter, Jane, near Little Sandusky. More than 60 relatives were in attendance from Mount Gilead, LaRue, Galion, Beaver, Pa., Morral, Upper Sandusky, Columbus and Marion.

Officers for the coming year were elected as follows: David Foos, president; Robert Williamson, vice president; Mrs. Howard Brooks, secretary-treasurer. Named a refreshment committee were Mr. and Mrs. Paul Clutter, Mr. and Mrs. Grover Foos and Mr. and Mrs. Irvin Speece.

The 1956 reunion will be held the last Sunday in July at the home of Mr. and Mrs. Paul Clutter near Morral.

One-Mill Operating Levy Set for Morrow Decision

MOUNT GILEAD — Morrow County voters will ballot on a one mill tax levy to meet increasing costs of Morrow County Government, it was announced this week after the regular meeting of the Morow County commissioners.

Commissioners passed the resolution to place the levy on the ballot Monday. Length of the levy would run has not been announced, but it is expected that it would be for either three or five years.

In announcing the levy commissioners said that it will be necessary for several reasons. The county has been spending approximately $100,000 more than it has been receiving in income during each of the past four years. A balance of some $38,000 at the end of the year three years ago has been steadily reduced each year and at the present rate will be down to but slightly more than $1,000 at the end of next year.

—:—

IN ADDITION, commissioners explained, a new state law makes salary increases for county elected officials mandatory. New increases will cost the county approximately $6,500 each year.

County TB and relief costs are running higher than estimated this year. Relief costs amounted to $8,000 for the first half of the year and are expected to cost $16,000 for the year compared to an estimated $13,000. Commissioners at first thought a levy for TB and relief purposes alone would be voted on but later decided to vote on a levy for general operating expenses.

Other general increasing costs of county government operation will also make the new levy necessary.

The county tax duplicate will be about $32,000,000 next year, which means that a one mill levy would raise approximately $32,000 yearly. The county now has a 3.2 mill levy within the 10-mill limitation which raises approximately $100,000 each year for county operating expenses. No additional millage can be placed inside the 10-mill limitation making it necessary to raise the additional funds outside of the 10-mill limitation.

—:—

THE LEVY WILL BE filed soon with the county election board and will be voted on at the general election in November.

The new levy, if approved, is not expected to add too much in the way of taxes to most county residents. A hospital operating levy, approved several years ago, started out at 2 mills a year but by next year will have decreased to but one mill.

In other action, commissioners approved the budget for the year.

Three veterans' procerties, owned by the county, will be sold at auction at 10 a.m. this Saturday at the door of the courthouse. Two of the properties are located in Mount Gilead and one in Cardington.

County tuberculosis patients have been transferred from Avalon sanitarium in Knox County to Licking County.

A new cattle barn and garage building at the Morrow County fairgrounds is nearing completion and will be ready in time for the fair, Aug. 16. The new building replaces one destroyed by fire last November.

Priest, Victim Of Plane Crash, Native of Kirby

CLEVELAND (AP) — The Rev. George L. Krock, 47, a Roman Catholic priest who was killed in a plane crash in Missouri yesterday, served several years with a *Maryknoll group in Akron, Ohio.*

His mother, 72-year-old Mrs. George Krock, lives in suburban Lakewood. He had left Cleveland Monday for Springfield, Mo., where he talked with a man considering conversion to the Catholic faith. At the time of the crash he was on his way from Springfield to visit a sister in Peoria, Ill.

He returned to this country last June after seven years as a missionary in Guatemala and planned to study journalism at Fordham before going back to Central America.

A native of Kirby in Wyandot County, he grew up in Cleveland, was ordained in 1939 and spent five years as a missionary in China.

His China service was followed by his Akron assignment, after which he went to Guatemala.

New Bus Run Slated

Another run of the Eastern Greyhound Bus lines east and west through Marion was announced today by K. E. Smith, local Union Bus Station agent.

The Chicago to Pittsburgh bus westbound leaves here for Lima, Fort Wayne and Chicago at 9:30 a.m., arriving in Chicago at 4:54 p.m. The east bound bus leaves Marion at 10:09 p.m. and arrives in Pitsburght at 4:35 a.m. This makes now four buses a day each way through Marion on the east and west route.

close to his mother and she has been a Communist."

This official emphasized that neither Landy nor any other graduate of the Marine Academy has an "Inherent right" to a commission. He said, however, the Navy should have completed its security investigation and notified Landy of his status weeks ago instead of waiting until the eve of his graduation.

Under current laws and regulations, Landy can appeal the Navy decision. The Navy said also that Landy was free to tell his side of the story but the Navy would not discuss publicly the issues involved in its investigation without Landy's written permission.

Adm. McLintock refused to link the Navy action to the former activities of Landy's mother, but an academy spokesman admitted there was a connection.

The spokesman quickly added, however: "Whatever his mother may have done, there's never been any question of Landy's loyalty here."

The cadet, who told reporters his political views were "pretty conservative," was described by the academy spokesman as "one of the brightest students we have ever had."

Landy will graduate with the second highest ranking in his class.

Among the honors he will receive are a medal for excellence in naval architecture and an award from the Daughters of the American Revolution for being the best naval science student.

Outstanding Record

Landy was a star of football and tennis at the academy, and was captain of the debating team.

He said his father died when he was an infant and related that his mother, now living in Bradley Beach, N. J., was highly sympathetic to communism during World War II.

She held a Communist party card in 1944, said Landy, adding: "I didn't know it then because I was only 10 years old, but two or three years later I started to catch on."

He recalled one or two meetings of party members at his home and said:

Two of 13 Red Cross packages ordered by relatives of nine of the men were delivered to Airman 2. C. Daniel C. Schmidt of Redding, Calif.

May Not Know

There still was no indication Schmidt knows his wife has remarried, saying she thought him dead.

In a news conference Sunday afternoon, Col. John Knox Arnold Jr., Silver Spring, Md., and his 10 B29 crew members are expected to give a fuller account of their ordeal of months of grim questioning in Red Chinese prisons. Far East Air Forces headquarters announced delay of the meeting originally set for Saturday.

In a brief news conference at Hong Kong, Arnold emphatically declared the B29 was 35 to 40 miles south of Red China's borders when MIG fighters shot it down Jan. 12, 1953, in the Korean War.

Arnold spoke bitterly of the "trial" last November in which Red China convicted them as "spies" and asserted the leaflet dropping plane had "violated" Communist China's air. They were given 4 to 10-year sentences.

Of their life in the 21 months between capture and trial, Maj. Ralph Bryant, FEAF public information officer, said they reported it was questioning "for weeks and months on end."

In the overnight stay at Clark Field near Manila they relaxed happily in their new freedom, underwent medical checks and relished American-style food.

Barnes contended an attorney for the firm, Garfield Horn, acquired specialized knowledge of the case while serving abroad from 1949 to 1951 with the Economic Cooperation Administration. In New York, Dean said he had assured himself Horn had acquired no such knowledge.

Names Not Revealed

Young did not name the three men he said were removed from unpaid posts, but said they had worked in the Defense Transport Administration and the Small Business Administration.

He indicated the situation has been under long-continued study, saying that "in prior years there have been many violations reported by previous commissioners to the President. The general trend in the number of violations has been sharply downward from the time of the first report in 1951 to the present." Eisenhower took office in January 1953.

Barnes named the Interior Department official removed as Franz von Schilling, whom he identified as an official on leave from the Caltex Oil Products Co., a part of the Caltex group owned jointly by Standard Oil of California and the Texas Co.

The deputies, all outstanding figures in communities, will now spread the official government line on international relations. This is for coexistence and a spirit of friendliness toward foreign nations.

This was demonstrated today by a remark Bulganin made about the Geneva conference. After telling about Soviet efforts to make the parley a success, he said:

"Credit should be given to President Eisenhower, Prime Minister Eden and Premier Faure for their cooperation at the conference."

The deputies greeted the statement with great applause.

Metropolitan's New Manager Is V. A. Horst

New manager of the Metropolitan Life Insurance Co. here is Vernon A. Horst.

He took over his duties this week, succeeding W. H. Goodwin, who retired July 30.

Associated with Metropolitan Insurance firm 23 years, he has worked in Mansfield and also at the home office in South Bend, Ind.

His home was in Orville, O., where he first served as an agent. Crawford Fair Enters 4th Day

Junior Livestock Sale Scheduled for Tonight

BUCYRUS — Crawford County's five-day fair entered its fourth day here today with the "home stretch" in sight and most of the judging of livestock exhibits, both senior and junior fair entires, completed.

The second evening of harness racing will be held under the lights tonight with the card including a 22 trot, two divisions of the 22 pace, 16 trot and free-for-all pace. Purses will total $2,250.

Another highlight of the evening program is the Junior Fair Steer Sale in which prize animals exhibited by young livestock raisers of the county will be sold to the highest bidder.

Among the animals, which will be up for auction, will be a Hereford steer, belonging to Donald Leonhardt of Sulphur Springs and judged the grand champion steer of the junior fair earlier in the week. The reserve grand champion steer, a shorthorn owned by Judy Lust of Mount Zion, also will be placed on the auction block.

An all-day activity today will be the Ohio talent and baton twirling contest with Miss Marylyn Harrer of near Bucyrus as hostess.

The New Washington Community Band will present a concert in the grandstand tonight. Last night's concert was presented by the Galion High School band.

Hundreds of children visited the fair yesterday, when "Kid's Day" was observed, and took advantage of reduced rates on midway rides. A pony show and pony races were held in the afternoon and the first of three nights of harness racing was held in the evening.

K. of C. Council Plans Event for New Members

Marion Council No. 67 Knights of Columbus, will hold an outdoor meeting Tuesday night for prospective members and guests at the Marion County Fish and Game grounds north of Marion.

Final plans for the meeting, at which Paul Gruhler, past state K. of C. deputy and general insurance agent for the Marion K. of C. district will be principal speaker, were made at a special officers and chairmen meeting last night in the home of Grand Knight Charles R. Dunn at 1017 E. Church St.

Knights of Columbus members have been requested to bring two prospective members each to the meeting as guests. Council officers and program committee members will explain the K. of C. program.

Other speakers at the meeting will be Very Rev. William J. Spickerman of St. Mary Catholic Church, Robert Tobin, seminary student, and Dean Johnson, district Scout executive of the Harding Area Council.

Frank Daum is general chairman of the meeting. In charge of registration of guests and prospective members are Steve Byrnes and Al DeSimone. Charles Cupani is in charge of refreshments.

Duties for the coming year by chairmen of various committees were outlined by Norman Schneker, general program chairman, following the outdoor meeting last night.

er accident, and city police investigated three.

3 City Accidents

Three minor no-injury traffic accidents were investigated Thursday by Marion police.

Two pedestrians escaped injury when they were struck by a slow-moving automobile at 1:50 p.m. Thursday in an east-west alley beside The Marion Star building.

Steven Day, 34, of 254 S. Main St. and Jean Elsie of 644 Indiana Ave. were struck by a car driven by Margaret Seiter of 383 S. Main St.

Day reported the accident to police at the police station.

Each of the other two accidents in the city caused less than $100 total damage, police estimated.

Two Autos Collide

No one was injured in one minor accident investigated Thursday night by the sheriff's office.

It occurred about 10 p.m. on Vernon Heights Blvd. at its intersection with Summit Rd. Claron L. Howell, 27, of 519 Pearl St. was going east on Vernon Heights Blvd. and was making a left turn onto Summit when his car collided with a westbound car driven by Donald L. Quigley, 35, of 801 S. Prospect St.

Minor damage resulted to the Howell car and moderate damage to the left door and left front fender of the Quigley car.

Kiwanis Hears Arlene Davis

Aviation Shrinks World, Woman Pilot Tells Group

(Picture on Page One)

An Ohio aviatrix, to whom aviation means more than just flying, told the Marion Kiwanis Club that residents of the world are neighbors since no point is farther than 48 hours from another by air.

To her, aviation has meant a world education, Mrs. Arlene Davis told the group. During the 24 years she has held a pilot's license, the Lakewood woman believes she has received a first-hand knowledge of geography and history.

Aviation for the famed Ohio pilot has broadened her intellectual curiosity and made her interested in the whole world, she said. This interest was enlarged last fall when Mrs. Davis flew around the world.

—:—

HER ROUND-THE-WORLD trip started from International Airport in New York to London where she visited for two days. From there she proceeded to Munich and Frankfort before arriving at Istanbul, Turkey, where she stayed for seven days, including participation in an aviation conference.

Her world air trip next took her to Beirut and New Delhi, where she noted with interest the Indian women wearing their native clothes and American shoes. The last stretch of her trip took her to Bangkok, Hong Kong, Tokyo, Wake Island, and Honolulu before landing in San Francisco.

"Living in the air age has changed our lives so much and so fast that in some respects we are far behind other nations," Mrs. Davis said.

—:—

THE MOST noticeable phase in which the U.S. has not kept pace with the rest of the world is the ability to speak foreign languages. She cited as an example the recent world conference on aviation held in Paris, at which she represented the U.S. by appointment of President Eisenhower.

Most of the other delegates of the 48 countries represented at the conference could speak not only their own language but one or more additional languages.

She believes that American youngsters should be taught foreign languages at an early age, when learning ability is better.

An excellent way to interest boys and girls in aviation is through model plane building and contests. As they get older, the Civil Air Patrol is another popular way.

Mrs Davis, who has been spearheading a movement to encourage more interest in aviation among women and girls, has been active on the national committee of the Angels Flights. This program is comparable to the ROTC program available for men students in colleges and universities but is designed for women students.

Mrs. Davis took up flying in 1931 when her husband became interested in it. Today M. T. Davis still shares this enthusiasm for aviation with his wife.

—:—

AFTER RECEIVING her pilot's license in 1931, Mrs. Davis won her first race in 1934. This was the first all-women's air race in the world.

Three years later she became the first woman in the world to receive a rating which authorizes her to fly the largest land and waterplanes and the first private pilot, man or woman, to receive and instrument rating which qualified her to fly blind.

In 1939 she was the only woman to finish in the money in the Bendix race from Los Angeles to New York. During the war, she taught instrument flying in flight to Army men stationed on the Baldwin-Wallace College campus near her Lakewood home.

In 1946 she was made national chairman of the advisory committee for Wing Scouts of the Girl Scouts and still serves as national adviser.

During 1951 she was the first of 43 participants in the "powder puff derby" to land at the Detroit airport from Santa Ana, Calif. This was the year, incidentally, that she enrolled at Baldwin-Wallace College as a freshman.

—:—

IN 1952, WHEN she was chosen "woman of the year" in aviation by the Woman's National Aeronautical Association, she was named as aviation chairman for Ohio by President Eisenhower. She also is chairman of Operation skywatch for civil defense in Ohio, West Virginia and Kentucky.

Two years ago Mrs. Davis was cited by Congress for her many achievements in aviation.

The speaker, who flew to Marion, praised Marion's "most delightful airport" and said she felt it added immeasurably to the many industries located here.

She was introduced by George Lane, program chairman for the day. Invocation was presented by Maurice Lambroff and the guests were introduced by Ralph Carhart. They included R. E. Smith, Dana Barber, William Reichenstein, Thomas Nuckles, Vernon Horst, Miss Mary Jo Earl and Mrs. Evelyn Sharp, all of Marion, and Harold Miller of Georgetown, and Lester Winters and Allen Fuller of Jackson.

Announcement was made of the family picnic scheduled for Aug. 18 at McKinley Park. Arrangements for this are being made by Richard Myers.

Group singing at Thursday's luncheon meeting, held at the Harding Hotel, was led by L. G. Jones and was accompanied by Myers at the piano.

GIVEN SUSPENDED FINE

F. E. Miller, 45, of 221 E. Center St. was given a suspended $25 and costs fine in Marion Municipal Court Thursday on a charge of failure to comply with a state sales tax law. Miller was accused of having no sales tax stamps at his place of business, although he had a valid vendor's license.

Film Villains

By George Sokolsky

SOKOLSKY

I see that those who are supposed to know and understand the personalities in our society known as 'film tycoons," feel that the era of good-will may do them no good. Personally, I have never met a "film tycoon" although I have a greater or lesser acquaintance with such men as Louis B. Mayer, Spyros Skouras, Harry Cohn and perhaps half a hundred more or less of the men who have been successful in management of the motion picture industry. But what a "film tycoon" is, I do not know.

According to my colleague Dorothy Kilgallen, these persons were paying great attention to the "Summit Talks" at Geneva. So was most of the world, at the time of the conferences.

It is not surprising that the citizens of the United States who lived in Hollywood, Bel Air, Beverly Hills, Santa Monica and similar places in California should have been as interested in conferences as the citizens of Oslo, Warsaw, Bonn, and the Bronx.

-:-

SOME OF THE Hollywood folk may have sons whom they want to continue to live and therefore they like peace. J. Myer Schine, for instance, knows how tough it can be to have a son plucked out of his work to swat flies in Alaska. It could be worse in worse places.

My point is that people are people, whatever their occupations. The story is that the "film tycoons" have invested millions of dollars in motion pictures delightfully called, flickers, in which the villains are Communists and that if love and good-will prevailed, as a result of the Geneva Conference, these films would be outdated and Hollywood "film tycoons" would lose all their money.

-:-

THUS FAR, few important motion pictures have appeared in which the veritable villain is a Communist. The best of such pictures, "My Son John," which was based on the story of Alger Hiss, got killed off by a series of episodes which somehow one never expects in real life. Few anti-Communist pictures have made any big money — nothing like pictures make which emphasize sex.

The motion picture industry does find it difficult to portray villains because of the pressures of foreign countries and minority groups in the United States.

The only stereotyped villain against whom there is never a protest is an American citizen who has been successful in his business, possibly a banker, tall, handsome, well-dressed, living a moral family life, going to church and investing his money productively. Such a man belongs to no minority group and therefore has no organized defenders.

-:-

ON THE OTHER HAND, a Communist villain, particularly one who has spied on his country but has hidden behind the good and broad shield of the Fifth Amendment, will evoke the anger of those who believe in but do not always practice civil liberties and who regard what they call democracy as more important than patriotism, moral responsibility and the Natural Law of God.

It is difficult to believe that even those who make motion pictures for a living would make a villain out of a Communist because it is a fashion and then paint the Devil as a saint because the trend has changed.

There are some in this business, as in any other, who are lacking in character and to whom the dollar and a mammoth swimming pool have come to be symbols of importance. On the whole, however, the management of the large companies in the motion picture industry is in the hands of responsible men with an understanding of American problems.

No one would question the bona fides of Walt Disney, to mention a name.

-:-

THE BEST THING that could happen to Hollywood would be to establish a free market in villains. Let them be portrayed according to the imagination of the writers and the worth of their stories.

I wonder whether, as things are today, we can really produce "Othello" or "The Merchant of Venice" honestly without stirring up the pressure groups.

And can you imagine why it is necessary to go to Yugoslavia to produce Tolstoy's "War and Peace"? Are the Yugoslavs Russians?

Why not go to Canada and use the Dukhobors for the mass scenes? What pressure group sent this picture to Yugoslavia and what group will put a picket line around the theaters that try to show it? Who will be the villains in "War and Peace"?

Water Safety Courses Will Begin Monday

Water safety classes sponsored by the Marion County Chapter of the American Red Cross will get under way Monday morning at Crystal Lake. Swimming classes will start at 9 a.m. for beginners and children and at 6 p.m. there will be classes for adults.

On the same date at the Boy Scout Camp, classes in junior and senior life saving will get under way. These will be conducted at 6 p.m. each evening, Monday through Friday for two weeks. Miss Margie Firstenberger will direct the classes and she will be assisted by junior and senior instructors.

Registrations must be made at the local chapter office before the opening of the classes as no registrations will be taken at the lake Monday.

Ohio Will Receive Extra $1,007,401 in Airport Aid Funds

WASHINGTON (AP) — Ohio will receive an additional $1,007,401 in federal aid funds for airport construction in the current fiscal year, Secretary of Commerce Weeks announced yesterday.

The state also will get $1,511,101 in airport aid in the next three fiscal years.

The increased funds were provided for in an enlarged program voted by Congress and signed by President Eisenhower Wednesday. Weeks said he announced the allocations promptly so local agencies can begin "the immediate development of revised airport programs."

Distribution of the money, he added, will be held up 90 days to give states and cities time to prepare new and revised applications for airport development.

Grass Fire Put Out

Marion firemen were called out at 3:30 p.m. Thursday to put out a grass fire at the corner of Bexley Ave. and Uhler Rd. Firemen from the Central station made the run, and there was no loss.

By Victor Riesel

TOKYO

If the Kremlin isn't at war with us out here, there are some mighty active gremlins stirring almost 90 million Japanese against us — to the point where there actually have been clashes between our military and squads of Nipponese unionists and peasants.

VICTOR RIESEL

Not having any confidential memo from the White House, I don't know what the Russians told us at the Summit. But if they promised to call off the cold war, they haven't yet informed their agents here.

These Soviet agents are making life miserable for our military people who are trying to get on with the new Japanese government.

One gesture we made was the decision to consolidate some 40 airfields into five. To do this we must extend the 6,000 foot runways of the five fields into 9,000-foot strips. But Communists working through labor and peasant groups have been making this almost impossible.

-:-

THE COMMIES, agitating from behind, have led groups in sit-down strikes and laydown demonstrations at the fields and have driven off our surveyors.

Just as they have worked back home, the left-wingers have organized special front committees like "The Anti-Base Expansion Struggle Committee," and the "Kujukuri Beach Policy Committee on Military Bases."

Similar groups have strung barbed wire across the fields to stop us — and have demanded that we bring in no B - 47 bombers. The technical knowledge of some of these "workers" and peasants" would astound the Princeton advance studies group.

-:-

THE COMMIES behind these moves come up with the most ingenious front outfits — which I thought the Summit would abolish as a gesture of good will.

I've run into the "World Peace Lovers Association" and something called "The Mothers," which now holds international conventions — and they're just obsessed with one thing. They simply don't want us to have any bases in Japan or to bring in bombers which can match the new Soviet air fleets.

They also don't like our shooting practice, during which we lob shells into Mount Fuji. The left-wingers say this is a sacred mountain. What they don't say is that the world-famed snow covered peak — and beautiful it is — was given our military as a target by none other than the Japanese government.

The Commies also oppose our practice parachute jumps — saying these disturb the sick and pregnant women.

-:-

MOST OF THE anti-U.S. propaganda flows from the Commie-dominated Japanese federation of labor, called the Sohyo. It has 3½ million members and many of its leaders have spent much time eating and drinking well in Sovietized China.

Once again we have an example of the Soviets' realization of the power of foreign labor federations, which the American people just don't understand. Control labor abroad and you control many a foreign government. Have it with you and the nation is with you, too.

Dominated by Russian and Communist Chinese undercover agents, this Sohyo blasts us regularly. Typical is a recent statement which said:

"The U.S. Army has been shooting cannon into Mount Fuji. This mountain, the symbol of the Japanese people, has been trampled underfoot by America's muddy feet.

-:-

THE SITDOWN tactics and the demonstrations of the people, led by the local farmers and the Yamanashi Federation of Unions, represents the will of the whole nation. There is no room for compromise . . ."

The Sohyo has also set up a "Sohyo (Military) Base Problem Council," which is a terrific anti-U.S. weapon. It has subdivided the Japanese islands into 11 sectors — and each has its own anti-American labor propaganda group. There is a hundred-man anti-U.S. propaganda unit here in Tokyo alone.

I have before me a document which says that Sohyo will dispatch "demonstration corps" to "the American military positions where firing practice is being engaged to stage sit-downs in waves."

-:-

THE LEAD FOR these tactics come daily from the Peiping radio and Peiping's "Jen Min Jin Pao (People's Daily)" which is distributed here.

Slowly these tactics are turning many young Japanese against us. If the situation grows more tense, it is not inconceivable these local demonstrations may force our men to defend themselves with guns.

Can you then imagine what the rest of Asia will think of us — "shooting Asiatics so that we can keep military bases and airfields here." And someday your boy may be stationed here.

Very clever people, these Communists. Oh well, maybe they haven't heard from the Summit yet. Paging Conrad Khrushchev.

Whisky Taster

By Hal Boyle

NEW YORK

Just imagine having to—ugh, shudder!—taste samples of whisky, in the bright pearl of your manhood, merely to earn a living.

HAL BOYLE

Perhaps even subject 50 or more different whiskies to the double test of your nose and palate in a single week!

This is the horrid ordeal of Walter Seid, who at 33 is still bearing up manfully under his assignment after seven years of stern salutes to duty.

Many million Americans enjoy a nip of bottled bounce now and then, ordinarily carefully spaced between breakfast and midnight. Other millions of Americans would, rather than profane their lips with liquor, choose instead to drink the same number of glasses of raw lye. Well, as the fellow says, that's what makes this country great — difference of opinion.

—:—

WALLY SEID is the man in the middle. His task is to see that people who do want liquor don't get *something* that tastes like lye.

There are maybe only a couple hundred guys in the whole United States who have the chore of sample testing whisky. The job, depending on a man's prejudice, is neither as satisfying nor repulsive as a fellow might think.

For one thing, it isn't as much fun — if you're the happy-go-lucky type — as being married to a girl who owns a liquor store and gave you a gold key to the front door as her dowry. It has more responsibility.

—:—

SEID, A YOUTHFUL and scholarly looking assistant vice resident of "21" Brands, Inc., who also oversees his firm's production of domestic whisky, made one point about whisky testing painfully clear.

"You don't swallow the samples," he said loud and firmly and businesslike.

Well, having busted any dreams of idealism an amateur might harbor about the job, let's go on to the serious problems.

"The trend in America today is toward a light-bodied blend that still retains character," said Seid dryly, standing in the middle of a small laboratory crowded with 700 bottles of imprisoned spirits.

"A blend may have from 20 to 30 different whiskies in it, and as the product of each distillery may vary with each new batch, each must be checked. The flavor of whisky from the same still will vary depending on whether the barrel has been stored on an upper or lower floor of a warehouse."

—:—

ABOUT TESTING whiskies:

"The real old-timers in Kentucky were satisfied with putting a few drops in the palms of their hands, rubbing them together and sniffing deeply. The nose can detect more variety than the sense of taste.

"But I think flavor is important too. I like to test it both ways."

He takes about a tablespoonful of whisky in his mouth, swishes it around, then spits it out — and tastes the remnant as it evaporates.

Fortunately, Seid has to put his taste buds to commercial use only a couple of times a week. Other days he enjoys a highball with water.

Victim of Shooting Reburied, Police To Check Bullets

COLUMBUS, Ohio (AP) — Slain numbers operator Melvin Clark will be buried for a second time today as authorities completed extraction from his body of the bullets that killed him.

Coroner Dr. Leo C. Sauter of Campbell County, Ky., dug two bullets from Clark's body after it was exhumed from its grave here yesterday. Sauter said the finding strengthens the story of Frank (Screw) Andrews, quoted by police as saying he shot 40-year-old Clark in self defense.

The shooting took place July 18 behind a Newport, Ky., night club, across the Ohio River from Cincinnati where Clark was reputedly a kingpin in the numbers racket.

The coroner said the removed bullets are slated for ballistics tests by the FBI in Washington. If the tests show the slugs came from Andrews' gun, he added, police are likely to discount the story of an unidentified Cincinnati woman. She first said she saw Clark ambushed by two men, then later repudiated her story.

Clark was wounded four times. Sauter said two of the bullets passing through him. The woman, police said, told them eight bullets were fired into Clark.

Two Employes of Local Depot Win Cash Awards

Get Paid for Suggestions Resulting in Improved Efficiency, Safety

Cash awards for suggestions improving efficiency were received Thursday by two employes of the maintenance division of Marion Engineer Depot.

The awards were presented by Col. J. Arthur Hamilton, commanding officer of the depot to Jay P. Manley of 155 N. Vine St. and Daniel S. Crates of 462½ S. Prospect St.

—:—

MANLEY, EMPLOYED as an engineer equipment mechanic, received an award of $45 for a suggestion regarding a collar puller for use in removing the roller shafts of D-6, D-7 and D-8 Caterpillar tractors. The suggestion has increased the safety and efficiency of the operations in the repair shops branch of the maintenance division. An award of $15 was also received by Manley for his suggestion on the placing of boom stops on tractor-mounted cranes, which increased the safety of operations.

A total of 15 suggestions has been submitted by Manley over a period of 7 years, awards being received by him for 8 of the suggestions. These 8 awards totalled $158.

—:—

CRATES, ALSO employed as an engineer equipment mechanic, was presented an award of $10 for a suggestion concerning the use of a skein lock nut wrench to be used in the disassembly and assembly of F.W.D. carriers. He also has submitted numerous suggestions and received a total of $55 in awards for four suggestions during the past several years.

Edgar R. Landquist, head of the repair shops branch of the maintenance division, assisted them in preparing their drawings, depot officials said.

—:—

SUGGESTIONS submitted by employes are reviewed by the incentive awards committee and awards are paid for suggestions which result in increased safety or morale and monetary savings. During the year 1954, suggestions adopted at Marion Engineer Depot resulted in an estimated savings of $11,388. Many of the suggestions are forwarded to the Office of the Chief of Engineers in Washington for consideration of use throughout the Corps of Engineers and other government agencies. Suggestions adopted by the Corps of Engineers or other agencies may result in the payment of additional cash awards.

COL. J. ARTHUR HAMILTON, commander of the Marion Engineer Depot, presents a check to Jay P. Manley as an award for a suggestion resulting in increased efficiency. Daniel S. Crates, another award-winner, looks on.

Pinch Hitting for John Crosby

Political Vacuum

In 1859 the most famous series of American political debates took place between Abraham Lincoln and Stephen Douglas, Republican and Democratic candidates for the Senate from Illinois. Only some 75,000 people saw and heard these distinguished debates. In 1956, television could make it possible for some 115,000,000 people simultaneously to see and hear the presidential candidates debate. Radio could add another 25,000,000 people to the audience.

But a modern-day electronic version of the Lincoln-Douglas debates which would bring the leading presidential candidates face to face on the television screen for the whole nation to see and hear is for all practical purposes made impossible by Section 315 of the Federal Communications Act.

This section rovides that while broadcasting stations need not provide any air time to political candidates, if a station does provide time for any candidate, it must provide equivalent time to every other candidate for the same office.

FAIR AS THAT MAY SEEM, the provision drops an iron curtain between voters and candidates. This is so because, for the broadcaster, there is no such thing as a two-party system.

In 1952, there were eighteen parties with presidential candidates who qualified in one or more states. As a result of this multiplicity of parties, Section 315 effectively precludes giving any free time to the Democratic and Republican residential candidates, whether for debates or any other purpose.

For if a station gives free time to the Republican and Democratic candidates, it would be obliged, under pain of losing its license, to provide the same amount of time to each presidential candidate of each of the other 16 parties.

Section 315 not only prevents an electronic version of the Lincoln-Douglas debates, it also tends to dilute broadcasters' efforts most effectively to cover significant campaign events. It keeps broadcasters from inviting candidates to panel and interview type programs such as "Face the Nation" and "Meet the Press"—excellent opportunities for sharpening political issues and introducing candidates firsthand to the citizens.

-:-

IN SHORT, the effect of Section 315 is to stifle, rather than encourage, political discussion on radio and television during campaigns. It denies broadcasters their roles as members of the free press.

One can well imagine that the great metropolitan newspapers would hesitate to print major speeches of major candidates or excerpts from press conferences, if by doing so the newspapers were thus obligated to print the speeches and comments of every minor candidat for the same office.

For these reasons, CBA has proposed that Congress modify Section 315. In order that broadcasters may better fulfill their function as electronic journalists in bringing facts, faces and information to the public during political campaigns, we have suggested that Section 315 be amended so as to exempt news, news interview, news documentary, panel discussion, debate or similar types of programs.

The law would remain the same for regular campaign speeches or appearances which are under the control of the candidate so that if the station provided free time for such appearances, it would have to provide time for similar appearances by all opponents.

But under the CBS proposal, where the broadcasting coverage is part of a station's news function and is under the production control of the station, we urge that stations and networks be given full discretion as long as all significant viewpoints are presented.

-:-

IF CONGRESS AMENDS Section 315 as we propose, CBS would provide free time for the major presidential candidates to debate the main issues. One way this might be done would be to have a group of the country's leading newsmen, during the cl ng weeks of the campaign, designate the half dozen or so chief issues as they have developed.

In special "live" programs, CBS would invite the candidates to speak one after the other, on these issues from wherever they may be.

If the law is amended to make programs such as these possible, the public will benefit because television and radio, which have such tremendous circulation and impact, will be able to fulfill their roles in bringing the major candidates directly to the public.

We believe that this would provide an enormous safeguard to our democracy; we share the basic belief of our founding fathers that the citizen's opportunity to know and to judge for himself at first hand will result in the best possible decisions in the polling booths.

By making it possible, through television and radio, for the major candidates to face each other and at the same time to face the American citizen directly in his own home, we will have taken a long step forward in strengthening our democratic processes.

Party Planned for Illinois Girl Stricken With Sleeping Sickness

PARK RIDGE, Ill. (AP)—Debbie Ann Hadfield, suffering from sleeping sickness for nearly nine months is 3 years old today.

There are ice cream, birthday cake and party favors at her home in this tree-shaded Chicago suburb — and, for the first time in many months, the laughter of small children.

Debbie cannot taste the cake. It is doubtful that she will hear the voices of her playmates.

The little girl fell ill with sleeping sickness last Nov. 13, and there are many persons throughout the world who are praying for her recovery.

Released April 29 from Billings Hospital in Chicago, she lies in what doctors term a semi-conscious state, cared for by her mother, Mrs. Jean Hadfield, 24, and two nurses.

Mrs. Hadfield and her husband, William, planned the informal little birthday party in the hope that the voices of Debbie's friends might reach through the child's coma.

"Maybe my child will react to the other children. Maybe God will grant her the power to see the children," Mrs. Hadfield said.

After the story of Debbie's illness was printed, persons as far away as Europe and Asia wrote they were praying for her recovery.

The child received several dozen birthday cards.

Arkansas Sheriff Probing Report of Gypsy Kidnaping

JONESBORO, Ark. (AP)—A 15-year-old girl told police Thursday she was kidnaped by Gypsies and forced to travel with them in their wandering carnival life, then changed her story and said she was sold by her father for $2,000.

The couple whom she accused told police the girl was bought from her father in a Gypsy colony in Chicago and was married to one of their group.

The girl, dark-eyed Ruby Toney, told Sheriff Lonnie Cooper her parents were Mr. and Mrs. Mike Toney of New York. Police at New York were unable to find a person named Mike Toney.

Sheriff Cooper said he was holding the girl in jail overnight and would try to find her parents. Failing that, he said, he would return the girl to the Gypsies, against whom he planned no action.

Candidate for Governor Will Lose Vote of Son

LEXINGTON, Ky. (AP)—Pfc. Robert L. Clay would like to vote for his father in Saturday's Republican primary, but he can't.

Stationed in Korea, Clay wrote home for an absentee ballot and got one—a Democratic ballot.

Clay sent it home. Thursday, deputy clerk Hugh Buckley, a Democrat, explained it was all "a clerical mistake."

The elder Clay, who seeks the GOP gubernatorial nomination, said his son became 21 after entering service and wasn't registered by party affiliation.

U.S., Britain Deny Warships Spied on Argentina's Fleet

BUENOS AIRES, Argentina (AP)—The United States and Britain say that if any warships of "a big foreign power" shadowed the Argentine fleet on recent maneuvers in the South Atlantic, the sleuths weren't theirs.

Oscar Alende, a deputy from the opposition Radical party, asked the Argentine government in a bill presented to Congress Thursday to say whether the fleet was trailed last month. He did not name the "big foreign power" but congressional circles said he meant the United States.

In Washington, the Navy Department said no U. S. capital ships were in the South Atlantic during the Argentine maneuvers.

A British Embassy spokesman here also said no British naval vessels were in the area during the exercises.

Narleski Wins Seventh of Season, Whips Yanks 6-3

Tribe Just 2 Points Back As Wertz Smacks Homer

WASHINGTON (AP)—The Cleveland Indians, only a hair's breadth out of first place after clipping the New York Yankees 6-3 yesterday, send Sal Maglie against the Washington Nationals tonight.

Maglie, a 38-year-old righthander just obtained on waivers from the New York Giants, will be making his first start for Cleveland. He won nine and lost five for the Giants this season, but hasn't won a game since July 2, nor finished a starting assignment since June 22.

Washington's pitcher will be Dean Stone, who has won his last two starts against the Indians, allowing one run in the two games. The Indians and Nationals have split 14 games this season.

Yesterday's victory moved the Indians within two percentage points of first place Chicago and dropped the Yanks into third place, a game behind the Indians. A game behind the Yanks are the Boston Red Sox, who beat Chicago yesterday.

Cleveland won yesterday on Vic Wertz's three-run homer in the seventh inning off Johnny Kucks, rookie righthander who had relieved starter Whitey Ford. The hit scored Gene Woodling, who had singled, and Al Rosen, who had walked.

The pitching victory went to Ray Narleski, for his seventh against no defeats. Narleski replaced starter Herb Score, who was removed in the sixth after Bill Skowron singled and Elston Howard tripled. Narleski let another run across on Joe Collins' bloop single, and pitched a home run ball to Mickey Mantle in the ninth inning.

Score struck out Yogi Berra in the fifth inning with two out and the bases loaded. It was Berra's first strike out in 152 times at bat. He hadn't struck out since Score fanned him on June 26.

Larry Doby set a new American League record of 158 straight games without an error, and now can shoot for Danny Litwhiler's major league mark of 187.

Reds Climb Again, Stop Phillies 4-3

CINCINNATI (AP)—The Cincinnati Redlegs who only a week ago were skidding dangerously close to last place in the National League, now are only a game and a half out of fourth.

Four straight victories over Pittsburgh and four out of five over Philadelphia have moved the Rhinelanders to a spot where once again their hopes for a first division berth are "up."

The finale with the Phils yesterday turned out to be a 4-3 Cincinnati triumph although there were plenty of anxious moments in the ninth inning.

It took Joe Nuxhall to save yesterday's game after Rudy Minarcin had failed again—this time in a relief role.

Minarcin relieved starter Don Gross in the eighth and got through that frame without trouble but in the ninth Jim Greengrass doubled with one out. Minarcin walked Eddie Waitkus and that brought Nuxhall to the rescue. He walked Glen Gorbous but forced pinch hitter Peanuts Lowery to hit into a game-ending double play.

Rain Postpones Tourney Game For Local Nine

Marion's Local 750 softballers try it again tonight in the district tournament at Mansfield.

Rain last night postponed all games at Gorman-Rupp Field. Local 750 was to have faced Bud's Sport Shop of Upper Sandusky in the nightcap at 9 p.m.

Mac's Trading Post and Erie, Marion's remaining entries in the district tournament, see initial action Saturday night. Erie meets Mansfield Tappan Stove at 7:45 p.m. while Mac's faces Danville Merchants at 9 p.m.

SCOTT FROST WINS HAMBLETONIAN. Scott Frost, with Joe O'Brien driving, wins the second heat of the 1955 Hambletonian at Goshen, N. Y. in a driving finish. He is being pressed (furthest from camera) by Galophone, driven by William Haughton. The time for the second and deciding heat was 2 minutes and 3/5 seconds.

Lopez Predicts Tribe Will Take 98 Wins, Flag

WASHINGTON (AP) — Al Lopez, with his Indians closer to first place than anytime since May 20 when they occupied the top spot in the American League, will be satisfied if the Tribe wins 98 games. He thinks that will keep the pennant in Cleveland.

'And if you really press me I will admit there' more than a fair chance we can do it with 95,' the Cleveland manager said yesterday.

To reach 98 victories, 13 under their league record of 111 hung up in winning the 1954 flag, the Indians would need to take 34 of their remaining 48 games. That's a .708 pace, considerably faster than the .645 gait they've been traveling since July 4.

The Chicago White Sox, who have a .625 average since Independence Day, would have to win 35 of their remaining 50 to hit 98 triumphs on the head. The New York Yankees would need 35 wins and the Red Sox 36 in their remaining 48 to reach the figure Lopez thinks will win the pennant.

Doctor Shoots 4th Local Hole-in-One

The fourth hole-in-one of the season was posted this week at the Mar-O-Del golf course.

Latest to make the dream shot of golfers was Dr. Carroll Conklin of 716 S. Prospect St. He used a No. 5 iron on the 161-yard second hole and sank his tee shot Tuesday.

He was playing with Clarence Carr of Green Camp and Dr. Doyle Cook of 817 S. Prospect St. at the time. After making his sensational shot, the doctor finished the round with a 40.

All-Stars Practice Cut; Heat Blamed

CHICAGO (AP) — Coach Curly Lambeau has curtailed College All-Star practices because of the heat.

Lambeau announced Thursday the collegians will have only one drill a day in preparation for their game Aug. 12 with the Cleveland Browns.

New Athletic Director

STEUBENVILLE, Ohio (AP)—Henry (Hank) Kuzma has been named athletic director of the College of Steubenville, succeeding the Rev. Matthew Finnegan, who will devote full time to the post of dean of men and to teaching. Kuzma coached the Barons to 29 wins in 34 games during the past basketball season.

White Sox Lead Reduced To Two Percentage Points

By RIP WATSON
Associated Press Staff Writer

The surging Cleveland Indians, battling to retain their American League title, were only two percentage points back of the pace-setting Chicago White Sox today.

It was the Indians' highest rating since they held the lead May 20. They got there by giving the backsliding New York Yankees another shove Thursday, 6-3.

The Yankees have a sickly 11-16 record since July 4 when they held a 6½-game lead.

Another booming outfit, the Boston Red Sox, pulled up Thursday to within one game behind the third-place Yankees by beating the White Sox 7-3. Since Boston started the Yanks' slide July 4 with a double-header victory, they have compiled a 20-9 record.

Jensen Stars

Jackie Jensen, discarded by the Yankees in 1952, drove in four runs for the Red Sox with a triple, single and sacrifice fly.

Since July 4, Chicago has a 20-12 record, Cleveland 20-11 and fifth-place Detroit 21-13. The Tigers dropped a 9-6 verdict to Washington Thursday.

Adding to Manager Casey Stengel's cup of woe, ex-Yankee Ed Lopat of the Baltimore Orioles whipped Kansas City 8-1 Thursday in his first start since leaving the Yankees.

Most of the noise in the National League came from the bat of Chicago shortstop Ernie Banks, who walloped three home runs in the Cubs' 11-10 victory over Pittsburgh. He batted in seven runs and tied Duke Snider of Brooklyn for the home run lead with 36.

Catcher Roy Campanella relieved Snider of the home-run-hitting burden as he walloped a three-run homer that brought the Brooks an 11-10 victory over Milwaukee and a lead of 15½ games over the Braves, their biggest margin of the season.

Reds Triumph

Relief pitcher Joe Nuxhall of the Cincinnati Redlegs started a double play with the bases loaded to preserve a 4-3 victory over Philadelphia.

Tom Poholsky of St. Louis stopped New York on only four hits for a 3-0 victory. He threw only 88 pitches, missing the plate on only 28 of them, and one of the National League's quickest games of the year was over in an hour and 47 minutes.

Vic Wertz put over the crusher for Cleveland with a three-run home run, while Al Rosen blasted four hits in as many times at bat. Mickey Mantle of the Yanks took the league lead with his 24th home run in the ninth inning.

Two Southern Teams Meet in Tourney Action

COLUMBUS, Ohio (AP)—Undefeated Cincinnati Postal Post faces once-beaten Portsmouth today in a game that could leave Cincinnati and Toledo to battle for the championship of the Ohio American Legion Junior Baseball tournament.

Toledo drew a bye for the fifth round today, and will meet either Cincinnati or Portsmouth tomorrow, depending on the outcome of the contest between the latter two.

If Cincinnati wins today, Portsmouth would be ousted from the double-elimination tourney. Once beaten Toledo, then, would have to win two straight games from the Cincinnatians to cop the championship.

A Portsmouth victory, however, would leave three once - beaten teams in the running. A draw would have to be made to decide whether the Scioto County boys or Cincinnati would be matched against Toledo Saturday

The three remaining teams continued in tourney competition by defeating their opponents in yesterday's play.

Newark and Zanesville were knocked out in the afternoon round and Akron and St. Marys were eliminated in the morning.

Toledo edged Newark, 10-9 and Portsmouth racked up Zanesville, 12-5, after the Tri-City youngsters downed Akron, 9-4, and Portsmouth routed St. Marys, 15-2.

Newark made a desperate but unsuccessful try to overtake Toledo. Toledo had scored twice in the top of the eighth to take a 10-5 lead. Newark tallied three runs in its turn at bat, and added another in the ninth.

Newark started the late rally when Dick Cash was hit by a pitched ball. Charlie Monnett walked and Boots Robinson singled Cash home. Roy Boyer reached base on an error and Harland Kennedy scored Monnett on a sacrifice fly. Robinson then scored on a passed ball.

In the ninth, Cash walked, Monnett singled, and Boyer brought home Cash on a sacrifice fly. Newark had two men on base when the game ended.

Portsmouth's Phio White, Harlan Frazier and Mike Barry got nine of the team's 15 hits in the game against Zanesville, each player bagging three apiece. Zanesville's six hits were recorded by Roger Mehaffey, Bob Ross and Jim Burkhart, each with two.

Portsmouth took a three-run lead in the first and stayed in front all the way. Zanesville came back with two runs in the opening frame but that was the closest they got.

Yanks Facing Loss of Indian Season Series

NEW YORK (AP)—For the first time since Casey Stengel took over as manager in 1949, the New York Yankees are faced with the possibility of losing a season's series.

The Indians lead the Yanks 10-7 with three games remaining to be played in Cleveland, two in New York. With the White Sox they stand 9-9 with two remaining at Yankee Stadium and two in Chicago.

They lead the Boston Red Sox 6-4 with 12 games to be played and with Detroit they have split 14 games.

Minoso Given Court Verdict

CHICAGO (AP) — Minnie Minoso's lawyer has ventured one opinion as to why the Chicago White Sox left fielder hasn't been belting that ball as well as he did in the past.

The attorney, Sol. R. Friedman, told Superior Court Judge Charles E. Byrne that the "harassment Minnie has received is the cause of his batting average's nosedive."

Friedman said this "harassment" stemmed from litigation over the alimony claims of Minoso's former wife, Barbara.

The judge vacated an order which awarded the former wife a disputed sum of $1,950 in back alimony and scheduled a hearing for Sept. 20.

Local Ace With All-Stars

ALL STAR PERFORMER: Harding High School's representative in the Ohio high school all-star football classic, Bob Prater, selects a uniform at the North training camp. Prater, a 240-pound tackle, along with 24 other grid stars is undergoing drills in Mansfield for the annual event there Friday, Aug. 12. Prater, a six-foot, 20-year-older who will be wearing No. 74 in the tilt, was a defensive standout all last season for Coach Pete Howison's rugged forward wall. A three-year regular at Harding, he was mentioned on several All-Ohio polls last season. Tickets for the All-Star game in Mansfield are on sale at Markert and Lewis.

Sports Writers Choose Swaps Over Nashua in Return Match

By JOHN CHANDLER
Associated Press Staff Writer

It will be Swaps over Nashua in their match race at Washington Park, Chicago, Aug. 31, a nationwide poll of sports writers and sportscasters showed today.

With 319 ballots from every state in the union, Rex C. Ellsworth's California star received 184 votes, while Nashua, eastern hope of William Woodward Jr.'s Belair Stud, got 135.

The match race, for $100,000 winner-take-all, over the mile and one quarter route, is acclaimed as one of the great naturals in sports. There has been a terrific clamor for a return duel between the two speedy 3-year-old colts since Swaps beat the favored Nashua in the Kentucky Derby May 7 by a length and a half.

Swaps then retired west, while Nashua mopped up in the Preakness, Belmont and other eastern classics.

Swaps is now in Chicago preparing for the $100,000-added American Derby at Washington Park. Nashua is in Saratoga Springs, N. Y., and will resume serious training next week.

Of all the voters in the poll, one foresaw a dead heat between the two. This was the prediction of Dick Huston of the Lincoln (Ill.) Evening Courier.

Jim Purser of WMIX, Mount Vernon, Ill., declared the race "will not be run."

Ed Kennedy of WKEC, Cincinnati, picked "Arcaro as he pleases." Eddie Arcaro rides Nashua, with Willie Shoemaker aboard Swaps.

"I picked Swaps first, Nashua second in the Kentucky Derby," said John Mc Gill of the Ashland (Ky.) Daily Independent, who switched to Nashua for this match.

Medical Group Says Baseball Hard on Boys

DES MOINES (AP) —Little League baseball makes demands on boys 8 to 12 years old for which they are not equipped, says The Journal of the Iowa State Medical Society.

In an editorial in its August issue, the publication adds that the Little League system is of dubious value as a means of preventing juvenile delinquency.

"Little boys are put under considerable pressure to work — rather than play — several hours a day at learning and exhibiting skills for which, in most cases, their stage of development does not equip them," the editorial said.

"But papa — and often Mama, too — have made it crystal clear to him that he must 'make' the team' or 'stay on the team. . . on penalty of losing their affection and esteem."

The editorial states that due to the time when games are played junior frequently doesn't get to eat a well-balanced meal with the rest of the family but instead "eats peanut-butter sandwiches by himself at 8 o'clock each night."

Jimmy Piersall the third man in Boston s outfield with Johnson and Ted Williams, contributed a home run, double and single, while Norm Zauchin also had a homer Ancient Ellis Kinder making his 30th relief appearance of the season retired the final five batters on 13 pitches

Stobbs Gets Second

Relief pitching also made the difference in Washington, where Chuck Stobbs of the Senators pitched two perfect innings to pick up his second victory of the campaign Eddie Yost led a 15-hit Washington attack on four Detroit pitchers with two doubles and a single

Lopat however needed no relief as he carefully spaced eight Kansas City hits The only one that hurt was Joe Astroth s home run The Orioles wrapped it up with a five-run outburst in the fourth inning.

Campanella s homer was only of six in the Brooklyn-Milwaukee melee Don Zimmer and Carl Furillo also homered for Brooklyn, while the Braves got circuit blasts from Bobby Thomson, Johnny Logan and Andy Pafko in a 25-hit slugfest that saw eight pitchers called into action

Eight home runs were hit in the Chicago-Pittsburgh game, which had 30 hits Eight pitchers toiled in that game too Banks won it with his last homer, which came off Dick Littlefield with a man on base in the last half of the eighth inning

Nuxhall's pitching and fielding gave the Redlegs their eighth victory in nine games Wally Post chipped in his 26th homer and later scored the winning run on Bob Thurman s single

Morral Forfeits Games

At a meeting of the Marion County Teen League at Lincoln Park last night it was decided to credit all other teams in the league with remaining games with Morral with forfeit victories

The Morral squad dropped out of the league recently because of lack of interest

Elks One Game Back

Marion Indians Tie FOP For First in Teen League

Marion's Indians tied idle Fraternal Order of Police for top spot in the Marion County Teen League last night and set the stage for a make-up tilt between the two squads tonight at Lincoln Park

Marion FOP	11	2	846
Marion Indians	11	2	846
Marion Elks	10	3	769
Pleasant	8	5	615
Prospect	9	6	600
Green Camp	7	7	500
Claridon-Caledonia-Martel	3	11	214
LaRue	1	13	071

(Standings include forfeit wins from Morral)

The Indians downed Pleasant 12-6 and the Elks edged LaRue 4-3 in a twin bill at Lincoln Park last night The Elks victory kept them one game off the pace set by FOP and the Indians

— —

HEAVY SCORING in the second third and fourth frames carried the Indians to victory over Pleasant The winners scored once in the first and after Pleasant came in with four markers in the bottom of the same frame, the Indians scored thrice in the second, four times in the third and three times in the fourth for a 11-4 bulge Both teams scored their final markers in the fifth

Bob Lister went the route for the Indians, surrendering six hits —three of them coming in the first He struck out seven and walked one and hit a batter

Charles Leffler was the Pleasant starter but left in favor of Sharrell Leffler They gave up 12 hits, struck out 11 and walked four

— —

BAILEY AND AMBROSE collected three hits apiece for the winners

The Elks came up with two runs in the seventh to edge LaRue in a hard fought struggle

The winners scored single runs in the first and fourth with LaRue deadlocking the score at 2-2 with a pair of tallies in the bottom of the fourth A run in the sixth sent them into the final frame nursing a 4-3 lead

A walk and two straight hits accounted for the winning margin

Harris and Robbins handled hurling chores for the Elks They gave up only four hits while fanning 14 and walking five

White went the route for LaRue He was tagged for seven hits and struck out three while walking four

Armbruster and McCombs had two hits for the Elks McCombs clouting a triple Harrison had two hits, one a triple to pace the LaRue hitting attack

Prospect was awarded a forfeit victory over CCM which failed to field a team at Claridon in the other Teen loop tilt scheduled last night.

Train Smashes Truck, 2 Killed

Livestock Trailer Is Hit Near Wapakoneta

WAPAKONETA, Ohio (AP)—The state highway patrol said a crack Baltimore & Ohio flyer ripped into a livestock trailer truck near here yesterday, killing both occupants of the vehicle and about 40 hogs. Two trainmen were injured.

The victims, according to Auglaize County Coroner Dr. R. H. Schaefers, were Roland Campbell, 24, the driver, and Philip Hutt, 14, of Rt. 1 and Rt. 2 Wapakoneta, respectively.

Authorities said the Cincinnatian, a 12-car passenger train, hit the truck at a crossing one-half mile south of here and split the cab from the trailer. The gas tank exploded and the truck caught fire. Campbell was thrown clear, but Hutt rode the flaming cab as it was dragged one-quarter mile down the track.

Of the 122 hogs in the trailer, 22 burned to death and about 30 others had to be shot, authorities related.

The railroad said Ira Sterett, 43, Lima, engineer on the Cincinnati-to-Detroit train, and Art Rich, 41, Cincinnati, the fireman, were hospitalized at Lima for minor burns.

Next meeting of the club will be with Jo Earl Aug. 17.

News of Granges

GRAND PRAIRIE

Inspection was conducted and a program presented at a meeting of Grand Prairie Grange Tuesday night in the Grand Prairie School. The theme of the meeting was "Safety."

The meeting opened with a scripture reading on "Faith," by Mrs. Paul Lill, chaplain. The inspection was conducted by Deputy Master Junior Bosley, and Mrs. Bosley, deputy matron, inspected the work of the juvenile grange.

Plans were made for a special meeting to be held Sept. 20 at which time Whetstone Grange members will present an exchange program.

A talk on religious education in the schools was given by Harold Ludwick, master, Mrs. E. A. Williams, chairman, gave a report on the work of the home economics committee for the year, William Hutchman gave a talk on legislation and E. A. Williams reported on grange insurance.

Simon Bale, an exchange student from England, who is living near Marseilles, talked on agriculture and Charles Might, farm director at WMRN, gave a talk on "Safety on the Farm." A talk on the proposed addition to the Children's Home was given by Gene White, superintendent.

A note of appreciation was read from Mr. and Mrs. A. J. Loudenslager for cards and a gift sent them on their golden wedding anniversary. Announcement was made of a shower, to be given Miss Helen Lyon, whose marriage to Robert E. Evans Jr. will take place Sunday, at the next meeting. Plans also were made for a birthday card shower for Mrs. Charles Hinamon, a member for many years, on Aug. 5. Mrs. Hinamon is a resident of the Werts Rest Home in Bucyrus. Announcement was made of a meeting of Pomona Grange Saturday night at Salt Rock Grange hall. Officers will be elected at the next meeting, Sept. 6.

Guests were Dwight Heckathorn of Marseilles, Mrs. Charles Might and children and Junian Gardner.

WHETSTONE

Inspection was held when Whetstone Grange met Monday night.

Conducting the inspection was George Bosley Jr., county deputy. Both he and Mrs. Bosley gave reports.

Nine members were appointed to the fair booth committee. They were Mr. and Mrs. Smith Neville, Ray Klingle, Mrs. Raymond Klingle, Ernest Klingle, Harry Dutt Sr., Mrs. Clifford Harris, Eleanor Salyer and Carol Harris.

The literary program was in charge of Mrs. Harry Dutt Sr., lecturer, and included a vocal solo by Harry Dutt Jr. accompanied by Marilyn Neville; a safety skit by Judy Edwards, Candy and Linda Klingle, Tommy Dutt and Linda and Cindy Wilt; a reading by Luella Klingle; tap dance by Judy and Barbara Klingle; and a contest in charge of Mrs. Ernest Klingle.

The second degree was conferred to four candidates. Announcement was made of a Pomona Grange meeting to be held Saturday with Salt Rock Grange as the host. Bethlehem Grange will give its exchange program at the next meeting Aug. 15.

Mrs. Clifford Harris, Mrs. Paul Klingle and Mrs. Paul Thomas were appointed to the refreshment committee for the next meeting.

U.S. freight car loadings in 1954 were 11.6 per cent lower than those of 1938.

Attack Commission

Democrats Blast Power Project by Private Firm

WASHINGTON (AP) — Democratic senators assailed bitterly today the Federal Power Commission's action in approving a privately financed hydroelectric project in the Hell's Canyon area.

The Democrats indicated they intend to make a national issue if possible, of the commission's grant to the Idaho Power Co of authority to build three power dams These would flood the site of a proposed federal Hell's Canyon dam on the Snake River border between Idaho and Oregon

Call for Single Dam

Public power advocates have been trying unsuccessfully for years to have Congress authorize a single, high-level dam in the canyon as a federal project They have contended the private development would not make full use of the potential

Sen Kerr (D-Okla) predicted that by the time the Democratic-controlled Congress gets through with it the commission's order "will be corroding in the same graveyard where the Dixon-Yates contract reposes"

Sen Magnusen (D Wash) called it 'a complete sell-out of God-given resources to the private power lobby"

Sen Humphrey (D Minn) said in a separate interview the FPC action announced Thursday "is just another example of the fact that this administration waits until Congress is away to uncork its special interests packages"

Denies Delay Deliberate

FPC Chairman Jerome K Kuykendall denied that the announcement was purposely withheld until Congress adjourned He said it was processed 'in regular shape"

In its unanimous decision to give Idaho Power a 50-year license to build the Brownlee, Oxbow and Low Hell's Canyon dams the commission said its order "will preclude a federally constructed single high dam' at the site

The commission said it had concluded that if financing, construction and operation of the differing proposals were carried on by the same entity 'the ratio of power benefits to power costs of the three dam plan is greater than that for the one-dam plan

Officials of the National Hell's Canyon Assn, which opposed the company applications before the FPC have indicated they will take the decision to the courts A formal decision will be made at a board meeting in Portland, Ore Aug 15

City Employes Get Safety Tips At First in Series of Meetings

First of a planned series of industrial safety meetings for all Marion City employes held Thursday night at City Hall was attended by 52 employes and supervisors

Principal speaker for the meeting was W C Leonard, safety adviser in the division of safety and hygiene of the Industrial Commission of Ohio

He praised Mayor Harold F Robinson and Safety-Service Director John Davis as the first city officials in the section of the state to enlist state aid in formulating such a safety program for city workers

In his half-hour talk, Leonard discussed methods of setting up safeguards to protect the workers from possible injury and explained how the workers themselves might through good safety practices, help avoid injury to themselves

He showed photographs of some recent industrial accidents which occurred in local plants and told how the accidents might have been avoided In addition to this he showed a sound motion picture which illustrated proper protective devices to be used on various types of machinery and the hazards which a worker might create because of lack of attention and thought to his job

In line with the safety drive among the city workers, Davis said employes now are required to undergo a physical examination before being accepted for employment with the city Records of these examinations are kept on file for future reference, he said This is a new procedure for the city and has been in use only about 30 days

To help insure the success of the safety drive, each department will appoint one of its members to serve as a safety committeeman and this committee will meet in the next few days to make plans for the next meeting of all employes to be held on Sept 1, Davis said

Police Believe Woman Slain In Kansas City

KANSAS CITY (AP) — A blood-stained automobile containing the ripped and bloody clothing of a wealthy young housewife was found abandoned on a busy thoroughfare early today and police immediately theorized the missing woman had been kidnaped and slain

Mrs Wilma Allen 34, wife of William Allen Jr, North Kansas automobile dealer and mother of two small boys, has been missing since she left a beauty parlor Thursday noon

Her 1955 convertible was found parked under a viaduct near 22nd and Broadway, near the union station at 2 10 a m

Maj Eugene Pond, chief of detectives, said the rear seat and floor of the car were saturated with blood and that all of Mrs Allen's clothing — lingerie, skirt, blouse and shoes — were stuffed into the trunk compartment There was blood streaked along one side of the car and on the rear bumper

Her purse was missing Pond said however the attractive brunette had cashed a $30 check at the beauty parlor, paid $5 for services there and that because of the small sum she apparently carried robbery was not believed to have been a motive

Police were proceeding on the theory that Mrs Allen had been kidnaped, driven to some isolated spot slain and her body disposed of, either at the scene of the killing or elsewhere and the car then driven to the spot where it was abandoned

Mrs Allen is the mother of two sons Billy, 11, and Bobby 8

Police said friends described the Allens as a model couple

Appropriation Bill Includes 9 Projects in Ohio

WASHINGTON (AP) — President Eisenhower has signed an appropriation bill which includes $1 894,996,300 for hundreds of Army, Navy and Air Force construction projects none of them in Ohio

Not all of the money allowed for military construction in the year which began July 1 is new Some will come from transfer of funds previously appropriated

Of the total the Army received $456,077,000, the Navy $442 628,300 and the Air Force $994 291 000

Ohio projects included in the supplemental bill

Army Erie Ordnance Depot, $1,933,000 Lordstown Ordnance Depot $875 000, Rossford Ordnance Depot $400 000, Marion Engineer Depot, $1 146 000

Air Force Youngstown Municipal Airport, $1 414 000, Wilkins Air Force Station Shelby, $305 000, Wright-Patterson Air Force Base, Dayton, $13,593,000, Clinton County Air Force Base, Wilmington, $2 979 000, Lockbourne Air Force Base, Columbus, $8 571 000.

Trial of Jackson Sheriff Recessed

GALLIPOLIS, Ohio (AP)—Trial of Jackson County Sheriff David L Trago, charged with contributing to the delinquency of a 17-year-old soldier, has been recessed until Monday

Judge Francis D White of Athens County, sitting by assignment, called the recess yesterday to consider a defense motion that he disqualify himself. The defense asserted a common pleas judge should not sit in a juvenile court case

Judge White earlier turned down defense moves for a continuance on grounds material witnesses were not available, and a challenge of the legality of the jury panel chosen for the case

Fumes Sicken 89 Californians

Workers Keel Over At Electric Company

BURBANK, Calif (AP) — Noxious fumes felled 89 workers most of them women, at an electric company plant Thursday.

Seventeen of the workers remained under observation early today at a hospital The others were sent home after treatment

A nurse at the Advance Electric and Relay Co said the workers began to complain of dizziness as fumes spread through an assembly department

"They all walked out before it hit them," said nurse Jean Merner "They went out into the air, and then, bang, they keeled over"

Doctors said that all those hospitalized would recover Most of the workers suffered dizziness, nausea and abdominal cramps

Company officials said the fumes escaped from a large container labeled iso amyl alcohol an industrial alcohol used for cleaning

The plant, recently acquired by the Elgin Watch Co, Elgin, Ill, employes 400

Family Leaves Marion, To Join D. C. Helwig

A Marion family Mrs Velaria Helwig and son, Gary Lynn, and her mother, Mrs Mayme Warrick, have gone to Spokane Wash, to make their home, joining Mrs Helwig's husband, M-Sgt Donald C Helwig, stationed at Fairchild Air Forcer Base there

M-Sgt Helwig is the son of Mrs Iris Crowley of 267 Pearl St Mrs Helwig's father is George Drollinger of 608 E Farming St The Helwigs, who lived here at 344 Whitmore Ave, will reside at 6116 G St North in Spokane.

Man Accosts Girl, 11

Attempted molestation of an 11-year-Marion girl was reported to police Thursday afternoon The girl said she was riding her bicycle along Bellefontaine Ave when a car came off Miami St and crossed over to the wrong side of the street and parked

A man between 40 and 50 years old got out of the car and came toward her and walked alongside her bike as she rode along the sidewalk the girl said He offered to give her some money to buy an ice cream cone but didn't bother her in any other way, she said

Beef is the favorite meat of Americans, having passed pork in popularity in 1953.

Ingalls Among Possibilities for Talbott's Post

WASHINGTON (AP) — Two new names were injected today into the speculation over a successor to Harold E Talbott as secretary of the Air Force

The Kansas City Star said in a dispatch from Washington that David S Ingalls' appointment to the post is expected before President Eisenhower leaves for a Colorado vacation about 10 days hence

The Rocky Mountain News, published at Denver, said in a copyrighted story that former Colorado Gov Dan Thornton can have the position 'if he wants it"

Neither newspaper named the sources of its information

Talbott resigned Monday, effective a week from tomorrow He said he did so lest the Eisenhower administration be embarrassed by publicity about his outside business interests

There has been considerable unofficial speculation about a successor The White House has given no public indication when one will be named, nor who it will be

Ingalls is a cousin of the late Sen Robert A Taft of Ohio and managed Taft's unsuccessful campaign for the Republican presidential nomination in 1952 He served in both World Wars and was assistant secretary of the Navy for aeronautics in the Hoover administration The 56-year-old Ohioan is president and publisher of the Cincinnati Times Star

Thornton 44 and also a Republican retired from public life in 1954 after two terms as Colorado's governor

New Rubber Plant Slated in Northern Ohio Within Year

CLEVELAND (AP)—A new rubber plant, which probably will cost 12 to 15 million dollars, will be built in northern Ohio within the next year

Goodrich-Gulf Chemicals, Inc, owned jointly by the B F Goodrich Co and the Gulf Oil Corp, announced the plant would be built, but didn't say how much it will cost The Cleveland Plain Dealer said reliable sources gave the 12-15 million dollar figure

The plant will have a new rubber, developed by Goodrich-Gulf scientists The company says it is a chemical reproduction of natural rubber It is synthetic, but different from what has become known as synthetic rubber — a product that differs in molecular structure from natural rubber

Exact location of the plant also was not announced by the company The Plain Dealer said it would probably be in Avon Lake, a western suburb of Cleveland

Lausche Stuck With Making Decision on Route

Turnpike Big Headache for Governor

COLUMBUS, Ohio (AP)—Regardless of where the proposed Cincinnati-Conneaut turnpike is routed, says Gov Frank J. Lausche, someone will complain

"Where can I put it?" he asked following a four-hour hearing yesterday on whether to route a 39-mile section of the north - south road closer to Cleveland, or leave it east in Geauga County as originally planned

Lausche said he would announce a decision soon but set no date By law, the turnpike route is left up to him. He said he wished the Ohio Turnpike Commission "had helped me as it did three years ago" in making recommendations for the Northern Ohio Turnpike, scheduled for completion Oct. 1

BUT COMMISSION Chairman James W Shocknessy offered no recommendations

"I don't want to know anything about this controversy," he said "I've studiously avoided it"

Shocknessy added, however, the commission will "defend the line chosen by the governor"

At the hearing, Shocknessy testified, 'the acquisition of right-of-way in Cuyahoga County would take a year longer than Geauga, independent of litigation."

Some Cleveland interests want the 420-mile turnpike routed closer to their city But two Cuyahoga County mayors, Clarence H Endress of Mayfield and Vincent M Arnold of Oakwood said the near-Cleveland route may cut their villages in half.

OTHER TESTIMONY came from Albert S Porter, Cuyahoga County engineer He said 72 per cent of all people using the estimated 400-500 million dollar turnpike would either be coming from or going to Cleveland.

Traffic engineer Russell Passano, representing a New York firm, said he made studies of both routes He concluded the route through Cuyahoga County would yield about $1 25 a year for each dollar needed to pay off revenue bonds to finance construction; the Geauga County route would return $1 09 per bond payment dollar the first year of operation.

ED DONNELLY of the J E Greiner Co, Baltimore, turnpike commission engineering consultants, said the Geauga route would cost $43 830 000 to build as compared with $67,155,900 through Cuyahoga

Proctor Noyes, director of the Regional Planning Commission at Cleveland, said his staff favored a route close to that city, possibly making the turnpike a part of Cleveland's freeway plan

But Shocknessy wanted to know if Clevelanders would be willing to pay tolls to use the turnpike locally

Little Piggie Pays Visit to City Hall, Amuses Officials

Unlike his nursery rhyme namesakes, this little piggie didn't go to market but instead paid a visit to Marion City Hall

With an oink oink here and an oink, oink there, the junior size porker scampered around the lobby for a few minutes Thursday to the amusement of city employes and visitors to the building

It all started when a cruiser patrolman spotted the young pig running loose in the 700 block on N Main St. during the morning hours.

Taking the pig to city hall, the patrolman put him down on the lobby floor pending a decision what to do with it Without hesitation the days-old animal began investigating his new surroundings

Later police took him to the Marion County Children's Home for safe-keeping Late last night at 10 16 p m James Gattshall of 708 N. Main St. called police and said the pig was his Police planned to return the animal today.

Screen Actors Guild Strikes In TV Dispute

HOLLYWOOD (AP) — The actors, singers and announcers who work on television's entertainment films went on strike early today.

Officials of the Screen Actors Guild said its members will not work on any filmed shows except those of five producers who have signed new contracts with the guild

Basic dispute is whether actors will get paid when films are rerun the second time

Under the old contracts between the guild and the Alliance of Television Film Producers and the Association of Motion Picture Producers, actors got residual payments for the third to sixth showing of films

The actors' group said that the new contract signed by five of the producers provided actors with minimums increased from $70 to $82 for day players and from $250 to $287 50 for weekly free-lance players

In addition it provided for payment of 75 per cent of the minimum salary for the second run of a television film 50 per cent for the third and fourth runs combined, 25 per cent for the fifth run and one final payment of 25 per cent covering the sixth and all subsequent runs

Most producers say that they expect to feel few effects of the strike immediately

REHEATING KILLS VITAMINS

NEW YORK (UP)—Home economists say frozen vegetables not only save time in preparation, but also suffer a smaller loss in vitamins than others during the cooking. Serve the vegetables as soon as they're cooked to save food values Vitamin C is lost if the vegetables set or are re-heated

When Is It Too Hot To Work?

Problem Stumps State Health Director

COLUMBUS, Ohio (AP)—How hot does it have to get before office managers should let their workers go home to escape the heat?

Can anyone say that when the temperature hits a certain point that offices should look up?

Those questions were tossed at Dr Ralph Dwork, state health director, about one year ago Dr Dwork assigned his aides to gather the best opinions on the subject

In July 1954 Columbus experienced a long string of hot days Some office managers in the state office building let their workers go home early on hot days When the clerks and stenographers and engineers and others who had to stay on the job found that out they didn't like it

SO. DR. DWORK was asked to supply a heart yardstick The requests also came from insurance companies

After gathering opinions from as many authorities as possible, D Dwork came to this conclusion

Hot weather doesn't affect all people the same What might be ideal for some wouldn't be for others So he couldn't come up with a convenient yardstick

"The studies don't support any criteria which is universally applicable," the doctor said "There are too many variable factors.

"I can't recommend when people should be sent home I think that executives should, with proper discretion, decide each case on an individual basis"

Heat is more than just high temperature, Dr Dwork points out, as the amount of heat a worker can stand without becoming uncomfortable also depends on the humidity and air movement.

THE FEDERAL government has a policy on dismissing workers on hot days When the thermometer soars to 95 degrees and the humidity is 55 per cent or higher, workers can go home The same holds true if there is an equivalent ratio of temperature to humidity But there is difference of opinion on what is equivalent

Temperature and humidity uncomfortable for some would not be for others Factors that make this so Dr Dwork says, include whether a person likes his work, the state of his physical health, type of clothing worn, whether the work he is doing is heavy or light, and age and sex.

If all workers were sent home when some of the older employes were made uncomfortable by the heat, it wouldn't be fair the doctor says Some of the younger persons would take advantage of the heat holiday to play golf.

"IF A PERSON can play golf, he probably could work at the same temperature," says the doctor "An old person with heart trouble, for instance, should be allowed to go home earlier"

Temperatures that are not too hot to be comfortable ranged from 72 degrees to 85 degrees, according to various authorities consulted in the test, with the humidity being taken into consideration

While July 1955 was about as hot as one year earlier Dr Dwork says he has received no requests this year on when workers should be able to go home to escape the heat

"Maybe those who suffered from the heat so much a year ago decided it would be smart to take their vacations in July and just aren't around," he opined

Patrolmen Promoted

Two state highway patrol officers who received promotions and transfers to the Bucyrus district headquarters are included in a group of 17 promotions and 25 transfers announced today by Col George Mingle

Promoted from duty as a corporal to field sergeant was C L Kirchberg who is being transferred from Findlay to Bucyrus, and Sgt J A Gosling is being transferred from Warren to Bucyrus

Whirlpool Sales Climb

Sales of the Whirlpool Corp for the first six months of 1955 topped the same period of 1954 by some $6 million according to an announcement today by Elisha Gray, president

In the period ending on June 30, net sales and other income totaled $91 965 427 For the same period last year the total was $85 264,210

Gray reported also that net earnings of the company on this year's sales were $5,816,567 compared with $4 035,176 last year

Tax Receipts Increase

Sales tax receipts in Marion County were more than $3,000 higher for the week ending July 23 compared with the same week last year, Roger W Tracy, state treasurer, reported today

Collections here for the week totalled $15,865, compared with $12,695 for the week in 1954 Over the rest of the state, receipts amounted to $3 389,018, an increase over the $2,720,343 collected in the same period in 1954.

Firemen Get Fans For Hot Quarters

A project to provide cooler sleeping quarters for on-duty Marion city firemen was announced today by Safety-Service Director John Davis

Large size exhaust fans are being installed to pull the hot air out of the sleeping dormitories in each of the three fire stations, he said

At the Central Station a 48-inch exhaust fan is being installed in the attic of the building, at the W Center St station 24-inch fan will be used and at the Mark St station a 36-inch fan is being installed, he said

Hot weather the last few weeks have made the dormitories, all on the second floors of the fire stations so hot that the firemen have found it nearly impossible to sleep in them, Davis said

Man Held for Hearing

A 50-year-old Marion County man is being held in the Marion County jail pending a hearing on August 17 in juvenile court on a charge of contributing to the delinquency of a minor boy Lester L Carey of New Bloomington was arrested by sheriff's deputies at 12 30 a m Wednesday His bond was set at $1,000 and when he was unable to post it he was confined to the jail pending the hearing

Sun Glasses Are Menace In Motoring After Dark

BOSTON (UP) — Sun glasses can be a cause of death on the highway

Jean O'Brien, an American Automobile Association official, said that, "too many motorists forget to remove their glasses at night"

Others, she said, persist in the mistaken belief that tinted glasses will cut down the glare of approaching headlights

"It may be true during the few seconds another car's headlights are shining directly in your eyes," she said, "but the moment the car passes you're nearly blind."

Traffic Cases

One driver was fined $15 and costs in Marion Municipal Court Thursday on a traffic charge He was H H Murphy, 24 of Williamstown, W Va, charged with crossing over a yellow line

Camp Drum Suggested As Port of Embarkation

CAMP DRUM, N Y (UP) — This northern New York military reservation is being envisioned as a staging area and the nearby Black River as a port of embarkation by the Watertown Chamber of Commerce.

The group proposes that Black River Bay, an arm of Lake Ontario, be utilized to take deep-draft ships and be named the "Port of Northern New York." It was pointed out that such a port would be about 225 miles closer to Europe than is New York City

NO GREATER HANDICAP

WALPOLE, Mass (UP)—Though he lost his right arm in a mill accident six years ago, Karl Larson plays the electric guitar and has his own band Larson plays his specially-made guitar with both feet, one knee, his left hand and an attachment on his artifical right arm.

Alben Barkley Backs Combs, Raps Chandler

LOUISVILLE, Ky. (AP) —Sen. Alben W. Barkley, making a belated appearance in the Democratic primary fight, has accused A. B. (Happy) Chandler of deserting him when Barkley sought the presidential nomination.

Barkley also challenged Chandler's fitness to run for governor on the party's ticket, claiming he frequently deserted the Democrats to support other candidates and other causes.

Returning to his home state from Washington Thursday night, Barkley spoke in behalf of Bert T. Combs, who is battling Chandler for the gubernatorial nomination.

Kentucky holds its primary election Saturday.

Barkley told a television audience he withdrew as a candidate for the presidential nomination during the party's 1952 national convention when some labor leaders refused to back him.

But, the former vice president added, Chandler was opposing him long before that.

Adlai Stevenson won the nomination in 1952 but lost the presidential election to Dwight D. Eisenhower.

Barbers Will Assist Crippled Children

UNION BARBERS in the city will join others throughout the country in supporting the AFL Union Barbers' Day for Crippled Children next Tuesday. A large part of the day's proceeds will be turned over to the Marion County Chapter of the Ohio Society for Crippled Children, Ray L. Munn, chairman, said today.

The city's 13 union barbershops employing 22 men will participate in the project.

Getting "the works" from Chairman Munn is Marshall Lee Boswell, son of Mr. and Mrs. Charles Boswell of Thompson St., and waiting her turn is Debra Kline, daughter of Mr. and Mrs. Charles S. Kline of near Caledonia. On hand to help is Mayor Harold F. Robinson.

Marshall Lee, 4, and Debra, 6, are being helped back on the road to health through funds provided by the local chapter of the Society for Crippled Children. Trips to a Columbus hospital, the purchase of braces which must be changed as the children grow, and other needed facilities and treatment are financed through voluntary contributions made by organizations and individuals. Munn is employed at the Knight Barber shop on E. Church St.

Tuesday marks the first Union Barbers' Day for Crippled Children to be held in the city and is one of the first such days to be held in the nation in 1955. The public can help by patronizing the shops on that date and the "clean shaven" can join in the program by making voluntary contributions.

Among the crippling conditions treated through the local society for Crippled Children are cerebral palsy, polio, arthritis, muscular dystrophy, multiple sclerosis and amputation.

War Claims Due Soon

The Foreign Claims Settlement Commission today reminded United States citizens and companies who lost bank accounts or other credits through sequestration by the Japanese in the Philippines during World War II, that they are entitled to be compensated for such losses. Letters indicating an intention to apply for this benefit must be mailed to the Commission at its offices, Washington 25, D.C., prior to Midnight, August 31, 1955, to qualify the senders to receive the reimbursement provided for by law.

Quarryman Complains

Trespassers at Irey's Quarry on Marion County Road 123, southeast of Marion, will be prosecuted by the manager, Marion County Sheriff Glenn Obenour reported today.

Fred Boerger of Union County, manager, told Sheriff Obenour Thursday that new "no trespassing" signs would be erected and he would file charges against anyone found trespassing at the quarry. "No trespassing" signs posted Monday had been destroyed, he told the sheriff.

Differ on Three Main Points

U.S., Reds Far Apart on Arms Control

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON, (AP) — The Russians, rejecting President Eisenhower's arms control plan, say they like their own better. Eisenhower will come up with another. What are the differences between the two countries on disarmament?

They can be explained in terms of three ideas:

1. For years the United States had insisted there could be no disarmament without complete inspection, meaning, in the case of the United States and Russia, that each would agree to teams of international inspectors.

In both countries these inspectors would have complete freedom to go where they wished and check as they pleased to be sure neither side was cheating after agreeing to disarm and particularly after agreeing on abolishing atomic weapons.

Only Foolproof Way

In that way only, the United States felt, could any country be sure it wasn't being kidded into disarming itself while another got ready to attack it.

The Russians wouldn't buy that idea. They wanted no foreign inspectors poking around in Russia. There the matter stood for years, neither side yielding.

2. Last May 10 the Russians yielded a bit — but not as far as the United States wanted. They said they would agree to teams of international inspectors being stationed in Russia, but their movements would be limited. They could not have full freedom to check anywhere in Russia. They'd be stationed at strategic points, like rail centers and airfields.

This was the reasoning behind their offer: No great power nowadays could prepare for war against another without vast movements of troops, planes and materials, all of which could be spotted by the inspectors at the airfields and rail centers. They could sound a warning.

West Suspicious

The Western Powers are suspicious of this idea. A similar system was set up in Korea after the armistice there but in North Korea the Reds got around the agreement by building new transportation centers away from those under inspection.

Nevertheless, since May 10 Eisenhower has indicated that perhaps the United States would settle for something less than the 100 per cent foolproof system previously insisted upon by this country.

Why? Perhaps because in the atomic age no inspection might be 100 per cent effective in detecting sneak manufacture of atomic weapons.

3. At his Geneva meeting with Russian Premier Bulganin and the Premiers of Britain and France, Eisenhower proposed on July 21 a twofold plan as an example of this country's desire for disarmament: the United States and Russia would (A) exchange complete blueprints on their military establishments and (B) agree to let each other's planes take aerial photographs inside their territories to check on military strength.

Bulganin's View

Thursday Bulganin rejected Eisenhower's proposal on the grounds that the areas of the United States and Russia are so huge either side could conceal anything it wished. He said the Russians regard their May 10 idea as more realistic.

Shortly afterwards at his news conference Eisenhower, apparently not disturbed by the Russian turndown, said the United States intends to make some new proposals late this month.

He has had Harold E. Stassen studying the whole disarmament problem to bring it up to date and make new recommendations which probably will be different from those this country had insisted upon for years.

Rabbit Show Planned Here Sept. 10 and 11

Members of the Central Ohio Rabbit Breeders Association will hold a rabbit show at the Marion County Fairgrounds Sept. 10 and 11.

The show will be held in the Junior Fair building and will be for rabbit association members throughout Ohio and the surrounding states.

Officials of the club announced here today that the show will be open to the public and no admission will be charged.

Between 400 and 500 rabbits are expected to be entered in the two-day event. Judging will last from 9 a.m. to 7 p.m. Saturday and from 9 a.m. until it is finished on Sunday.

Award winning rabbits in the show will receive trophies, ribbons, and cash prizes.

Six breeds will compete in the sweepstakes division of the show. They will be Flemish Giants, Checkered Giants, Rex, Red New Zealands, White New Zealands and Dutch.

In all other breeds, a loving cup will be awarded the best animal of the breed.

Judging the event will be Ed Beamer of New Bedford and G. A. Burke of Columbus.

Entrants in the show must belong to a rabbit breeding association.

Gas Workers Okay East Ohio Contract

CLEVELAND (AP)—Members of the independent Natural Gas Workers Union have approved a new contract with the East Ohio Gas Co., providing a 4 per cent general wage increase and other benefits, the union announced last night.

John D. Nagle, state president of the union, said the vote was 462-388 among workers in Akron, Canton, Youngstown, Warren and Cleveland.

The Cleveland unit rejected the contract 237-214, but the vote in the other cities was 248-151 for acceptance, Nagle said.

The wage increase is retroactive to Aug. 1. The contract increases third shift differential from 9 to 11 cents, and increases premium pay for Sunday and holiday work by 20 cents an hour. Unscheduled Sunday and holiday work will be paid at double time under the new agreement.

Chillicothe Mayor Quits To Take Teaching Post

CHILLICOTHE, Ohio (AP)—Mayor Burton Stevenson, first Democratic mayor elected here in 18 years, resigned today. He said he will teach at Stetson University in St. Petersburg, Fla.

Darrell E. Fawley, council president, was named acting mayor. Stevenson, 37, said he will teach in the university's College of Law. He was defeated in the Democratic primary last spring.

Moves To Forestall Inflation Seen

U.S. Monetary Leaders Watch Credit

By SAM DAWSON

NEW YORK (AP)—In a business boom it's hard to spot the point where soundness ends and excess begins. The ordinary man never notes inflation in its wind-up stage. He becomes aware of it only after it beans him with a rise in his cost of living.

But the nation's monetary leaders think they've spotted inflation warming up and are moving today to forestall its hurling a bean ball.

That's why they are boosting interest rates, tightening the supply of credit, taking some of the extreme ease out of mortgages, and frowning on any tendency to runaway speculation in the stock market.

—:—

WHAT THE administration and banking leaders seem to fear isn't price inflation, now showing up in industrial materials, but credit inflation. Times are good and if business doesn't cross the line where soundness ends and excess begins, times will stay that way.

The Federal Reserve banks are raising the rates at which they'll lend money to member banks, and, at the same time are keeping a tight rein on the supply of money available for banks to lend to business.

The commercial banks are raising the interest rates on their loans to business—and just at the time when the volume of such loans is starting to rise toward its usual fall peak.

Government agencies are curbing no-down-payment, long-term mortgages. Banking leaders caution against laxity in extending consumer credit.

—:—

THE FEDERAL RESERVE frankly say its aims are to "discourage excess borrowing and protect the buying power of the dollar."

Bank economists add their words of caution. The Northern Trust Co. of Chicago warns against: Accumulation of excessive inventories; over-building of homes, factories or commercial structures; and a speculative rise in prices of commodities or securities. It admits that it's hard to spot the point where danger starts, since "a decision to buy or build may seem perfectly reasonable in the individual case."

The First National City Bank of New York wonders "whether a wage-price spiral is setting in that will be accompanied by heavy inventory accumulation, and therefore by a temporary inflation of demand, followed inevitably by a reaction."

But bankers are notoriously a cautious breed.

—:—

BUSINESSMEN these days are concentrating attention on all the proofs that times are good.

The nation's output of goods and services is at a record high. So are the totals of personal income and consumer spending—and consumer borrowing.

Business is expanding its plans to build more plants and buy more equipment. The total volume of personal savings continues to rise—although the rate of saving has dropped. The traditional summer slump in business is unusually mild this year.

All this adds up, in the minds of most businessmen, to a sound economic situation. They leave it to the bankers to worry about the point where soundness ends and excess begins.

Ruling To Curb Fixing of Price On Rolled Steel

PITTSBURGH (AP) — Three Ohio manufacturers of iron and steel rolls are affected by a consent decree, handed down yesterday in federal court, enjoining 10 such manufacturers from "price fixing."

The decree by U. S. Dist. Judge John L. Miller, which also names the manufacturers' association, Roll Manufacturers Institute of Pittsburgh, sets up certain conditions for the sale of cast iron and cast steel rolls.

The Ohio firms affected by the decree are Aetna-Standard Engineering Co., and Youngstown Foundry and Machine Co., both of Youngstown, and Ohio Steel Foundry Co., Lima.

The 10 firms were prohibited from establishing uniform freight allowances, fixing charges for roll machine operations, fixing prices to be paid for roll scrap, and using a single basing point system for rolls shipment.

The decree was agreed upon by the 10 companies. It stems from an anti-trust suit filed by the Justice Department. Defendents were charged with fixing uniform prices, utilizing a single base price for shipment of rolls, granting freight allowances and adopting uniform prices in the purchase of roll scrap.

New Ohio Building Code May Lead to More Classrooms

TOLEDO, Ohio (AP)—Ohio's Industrial Relations Director Margaret A. Mahoney said today adoption of a new state building code will help meet what she called a dire shortage of schoolrooms.

Miss Mahoney's remarks were contained in a speech prepared for delivery before the Ohio State Building and Construction Trades Council which is holding its annual convention here.

She predicted benefits from a new code of building regulations provided for by the 102nd General Assembly. These benefits she said will include encouragement of modern, economical structurees, meaning more schoolrooms per dollar.

The building code sets safety standards for structures in public use, Miss Mahoney said. Replacement of the present 44-year old code also will provide architects and engineers "freedom of design and expression," she continued.

Miss Mahoney said this means "more building value for every construction dollar."

The legislature gave the state Board of Building Standards authority to adopt a new code. Public hearing must precede adoption.

Sen. Long Sees Adlai Opposed In Nomination

WASHINGTON, (AP)—Sen. Long (D-La) and Sen. Mundt (R-SD) said today Adlai E. Stevenson may face stiff competition for the 1956 Democratic presidential nomination.

Long said Stevenson, the 1952 nominee, "certainly would have been more certain of the next nomination a year ago than now."

"He has not been active publicly recently and I believe other outstanding Democrats now have a chance," he added. Long declined to name any individuals.

Mundt said in a separate interview that "some outstanding Democrat other than Stevenson may be the candidate next year," and he added: "I think any other big-name Democrat would have a better chance than Stevenson." Mundt also mentioned no names.

Sen. Kerr (D-Okla), who bid for the 1952 nomination, termed the former Illinois governor a front-runner for 1956.

Maranatha Camp To Open Saturday

Arrangements have been completed for moving more than 100 campers and staff of the Maranatha Bible Camp to Camp Owens near Marion Saturday afternoon. The church bus will pick up those needing transportation to the church and the entire group will go by bus and truck to the camp leaving from the church at 2 o'clock, Rev. Earl L. Holliday, camp director, announced.

The tent which will be the main auditorium for classes and services will be set up about 1 p.m. by a group of men from the church. Camp schedule will include 12 classes of Bible study; six missionary training groups; messages at chapel and campfire periods and a film each night except Sunday. Attendance is expected to reach 200 at the nightly services. There will be recreation and handcraft work as well as study.

Included on the staff will be several ministers and missionaries, and among the more than 20 staff members in addition to a group named previously will be Miss Pearl Tuttle of Marion who did mission work formerly in Panama and Mrs. Alberta Rogers. Robert Lafollette will be swimming pool director. Mrs. Mildred Kline of Upper Sandusky, a practical nurse, will be on duty. Office manager will be Mrs. Betty Hinklin of Marion.

Mt. Gilead Youth Listed As First Victim of Polio

MOUNT GILEAD — Howard Eugene Huston, 19, son of Mr. and Mrs. Ralph Huston of Mount Gilead is Morrow County's first polio victim this year.

The youth has been taken to Children's Hospital in Columbus. Huston had volunteered for induction into the Army and had taken his physical examination in Columbus last Thursday.

Huston's neck and arms were affected by polio.

A total of eight cases of polio were reported in Morrow County last year according to Harold McCamman, chairman of the chapter of the National Foundation for Infantile Paralysis.

Dies in Cleveland

CLEVELAND (AP) — Frank A. Jackson, 88, who retired in 1939 as the city of Cleveland's Commissioner of Accounts, died yesterday. A native of Bellaire, he had held public service jobs from 1913 until his retirement. Funeral services will be tomorrow.

Bible Words for Today

LUKE 23:43—"Today shalt thou be with me in paradise."

• • • •

Paradise is not confined to tomorrow! Paradise is possible now! If we accept Christ and His teachings for personal and public living then paradise is at hand. Peace becomes reality, tranquility becomes triumphant! The only obstacle then to our living in the land of paradise is within ourselves. Submission to Christ is the glorious gate through which we enter if we want eternal living. Live today—with God in your heart, your mind and your soul. Paradise is at hand!

Partly Paralyzed Couple Seeks Home With Wide Doors

LAS VEGAS, Nev. (AP) —Newlyweds Carl and Gracie Jensen are looking for an apartment — one with doors wide enough to admit their wheelchairs.

Both are partially paralyzed. They were married here Thursday and said they would return today to Long Beach, Calif., where Jensen lives, to set up housekeeping.

They hope to turn their hobby — art — into a profession. Jensen, 29, and his bride, the former Gracie Wilson, 35, of Springfield, Mo., became engaged while painting in art-therapy sessions at the Veteran Administration hospital in Long Beach.

Jensen is a former paratrooper whose spine was injured in an automobile accident. His wife was paralyzed from the waist down when she fell from a barracks while cleaning windows during basic training in the air force during World War II.

Church Briefs From the District

"The Value of Your Life" will be the sermon subject Sunday morning at First Methodist Church in Richwood.

—:—

Annual church service of the Prospect St. Paul Lutheran congregation at Lutheran Memorial Camp near Fulton will be Sunday at 10:30 a.m. There will be no Sunday School hour. The service is planned for the outdoor chapel of the camp. In case of unfavorable weather it will be held in the camp dining hall.

A congregational picnic will be at noon with carry-in table service. Friends as well as members will be welcome to attend. The pastor, Rev. Paul E. Dobberstein, will speak on "Investing Our Lives With God." Thursday the Missionary Aid Society will hold an all-day sewing meeting at the Parish House beginning at 10 a.m. and potluck dinner will be served at noon. The committee in charge includes Mrs. Clarence Kietzman, Mrs. Jay Stiffler and Mrs. Clara Reithmaier.

—:—

Sunday morning for the Kirkpatrick and Claridon Methodist Churches the sermon topic will be, "Establishing Contact," the pastor, Rev. Ralph Hollingsworth, announced. The services will be held on the new schedule put into effect recently. Morning worship at Kirkpatrick will be from 9:30 to 10:20, Church School 10:30 to 11:30 and Youth Fellowship in the evening from 7:30 to 9:30. For the Claridon congregation Church School will be from 9:30 a.m. to 10:30 and worship hour 10:40 to 11:30. Senior High Youth Fellowship will be 7:30 p.m. to 9:30 Sunday and Intermediate Youth Fellowship Thursday from 7:30 to 9:30.

—:—

Guest minister Sunday morning at the LaRue Methodist Church will be Rev. Clyde Parish of Richwood. His subject will be, "Commendable Workmanship." Lawrence Fields, lay leader, will be in charge of the service and conduct the worship. Evening services have been suspended until Aug. 28 and devotional meetings of the Youth Fellowship have been discontinued through August. The pastor, Rev. D. V. Whitenack, is on vacation and expects to return to his pulpit Aug. 14.

Redhead, Brunette Team Up To Bilk Seven Banks

LOS ANGELES, (AP)—Bank tellers are on the alert for a redhead with a pony tail hairdo and a brunette who ask for paper money in exchange for rolls of quarters.

Six banks here and one in nearby Walnut Park have discovered that rolls so exchanged contained 40 slugs instead of 40 quarters.

Police said the girls, with a smiling, smooth approach, so far have collected $700.

Realistic Reasons

It is possible to agree without quibbling when Premier Bulganin says President Eisenhower's proposal to exchange military blueprints and permit mutual inspection of military bases in "unrealistic."

But if it will not open any rifts in the harmonious lute that everybody is listening to since Geneva, these could be the reasons—and they could be utterly realistic:

1. Skilled propagandists in the Kremlin have been taking full advantage of the American bad habit of believing every other military power is armed to the teeth and ready to fight at the drop of a hat.

2. If the Soviet Union ever had to get down to brass tacks on its armament, the United States and the rest of the world might learn that its military potential is not measurably greater now in relation to its responsibility than it was in 1940, when it needed massive aid from abroad to survive Hitler's onslaught.

3. Nothing could be more realistically "unrealistic" from the Kremlin's viewpoint than to surrender the psychological advantage of its 10-year campaign to build a legend of unstoppable power.

In 1940, Americans underestimated Russian strength and were deeply impressed when the Russians rallied to their own defense and threw back the German invasion, with Allied aid.

In 1955, Americans have rushed to the other extreme. Somewhere between one and the other lies the truth. The men in the Kremlin can be counted on to keep it a secret, for realistic reasons.

Congress Faded Away

The legislative process never raises more questions about itself than it raises at its climax of adjournment, whether it is going on in Washington or in state capitals.

The only excuse for legislating against the clock is the fact it seems to be inevitable; it is an outgrowth of human nature that never has been brought under satisfactory control and probably never will be.

Congress this time adjourned by default about as much as by resolution. Despite a log jam of business that should have been transacted weeks and months before, House leaders had a tough time holding a quorum in Washington.

Members had been fading away on summer junkets and vacations day by day, until there was little left but a hard core of bitter-enders to wrap up the first session.

In the next few days, they will learn by hindsight what they wrapped up. They will learn, also, whether or not the White House will find it necessary to call a special session later this year to tie up such loose ends as the botched-up highway program.

Old Chinese Custom

Release of the 11 U.S. airmen by the Peiping government at the start of the negotiations with the United States at Geneva is about as crude as diplomacy can be — but powerful.

In their present mood of being thankful for all small favors, Americans will find it easy to forget that the return of an air crew held prisoner illegally is not a favor at all but a tardy performance of a duty.

They will want to believe it is a sign of good will, like the sunshine of the Soviet smiles at Geneva a few weeks ago, when it actually is a sign that the regime in Peiping has made a shrewd estimate of how little is needed to sweeten public opinion in the United States.

Holding prisoners for ransom is an old Chinese custom. It was popular long before the world heard of Marx, Lenin, Stalin, or Krushchev. The idea always has been to win some advantage by returning to its rightful owner—*for a big price* — what was taken away from him illegally.

And it always worked. It will work this time, too. Everybody will be so pleased to get the 11 U.S. airmen released they will forget how angry everybody was when they were held for ransom.

The Way to Fame

Newest and youngest of female swimmers of the English Channel is 17-year-old Marilyn Bell, who made the east-west crossing last Sunday.

Channel swimmers, like first robins, always take us by surprise. But once more the English Channel is wriggling with amphibians striving for immortality and the loot to be gained from clawing their way from France to England or vice versa. It is the season for them.

If Hitler had been foresighted enough to train a half million channel swimmers, he might have conquered Britain 15 years ago this summer. Aside from conquering the British Isles, the only purpose of swimming the English Channel is to gain fame and the satisfaction of doing something not everybody can do.

No one ever walked on his hands on cobblestones for 14 hours, either. Yet, there is no demand for that. Nor is there any demand for lying on spikes — not in the Occident. Being buried alive is all right, or sitting on a flagpole, when that is fashionable.

For year-in-and-year out ways to fame, nothing can beat channel swimming, which has been popular since 1875. It beats flagpole sitting, marathon dancing, armchair rocking and fasting. By staying alive in cold water 14½ hours and thrashing her arms and legs, Marilyn Bell has won undying fame.

Divided Government

By David Lawrence

Congress Left Sorry Record on Domestic Issues

Congress has gone home and leaves behind a sorry record. It is a record of discord on vital issues that can affect the prosperity of the country for generations to come. It is a dramatic example of the mistake made by the American people in electing Democratic Congress at a time when a Republican administration had been elected for a four-year term to control the executive branch of the government.

Lawrence

The so-called "achievements" in the boastful publicity announcements naturally stress the fact that the Democratic party went along with the President on foreign policy — as if to be patriotic and non-partisan on foreign policy is a matter for laudation.

In an international crisis close to war the two major parties have always worked together, and the nation has hitherto not believed medals should be bestowed because of such manifestations of traditional patriotism.

It is on the domestic side that the "cold war" between the President and the Democratic majority has been carried on. There has been some friction between the President and a few members of his party but, as the American people had given a working majority to the President's party in 1954, the handful of dissenting Republicans could not have been influential.

-:-

SECTIONAL ISSUES and local considerations always cause some defections in a majority party but in many instances the Democratic party in Congress voted almost solidly against the administration on key issues.

Perhaps the most disgraceful item in the record of the Congress just closed was the handling of salaries for government employes. Members of Congress and members of the judiciary deserved the increases they got. But the Congress forgot the men who risk their lives for America. They forgot the commanding officers who have tremendous responsibilities, including the handling of billions of dollars of government property.

One news dispatch in particular is worth quoting. It reads as follows:

"The House of Representatives was passing out increases late into the night, including raises for House Parliamentarian Lewis Deschler from $16,400 to $20,500 and for Assistant Parliamentarian William T. Roy, from $13,670 to $16,500.

"The Senate was caught off guard and didn't have time to match the raise for its parliamentarian, Charles Watkins. Sen. Margaret Chase Smith said it was 'disgraceful' for Watkins to receive less than his House counterpart. Sen. Morse promised to do something about it when Congress meets next January."

-:-

BUT EVERYBODY in Congress evidently forgot that men who command the highest and most important posts in the Army, Navy and Air Force get less salary today than the assistant parliamentarian. Gen. Gruenther, who commands all of the NATO forces overseas, and Gen. LeMay, who commands our Strategic Air Force, each receives around $15,000 per year as four-star generals.

The admirals with responsibility for the touch-and-go situation in and around Formosa and the commanders of our overseas posts both in the Army and the Air Force don't get the salary that the assistant parliamentarian of the House now is to be paid.

This is the type of negligence which is inexcusable in a Congress which voted every member an increase up to $22,500 and justices of the Supreme Court up to $35,000 a year.

Undoubtedly they deserved the increases, but one would think that members of the Congress which has just gone home would have thought about the salaries to the generals and admirals who are responsible for the defense of America and who may at any moment be required to direct the men who risk their lives in combat.

-:-

THE RECORD of legislation that failed of passage is the most conspicuous proof of what discord can do in the Congress. Highway legislation is needed badly if American transportation is to be efficient and adequate.

Bills to promote the health of the nation and to improve social security were killed. Also federal aid to school construction was withheld.

The important amendments needed to improve the Taft - Hartley Act on labor - management relations were abandoned. A program to help stabilize the farm economy, with particular reference to low-income groups, was not passed, though proposed by the administration.

Wherever the Democrats could embarrass the President, they tried to do so. They went along on foreign policy largely because they feared greater political injury if they didn't.

As for 1956, divided government will be an issue. The last session furnishes enough evidence of how to stalemate national progress on the domestic front by giving control of both houses to a party that is not in sympathy with the executive.

Stralla Made It All

By TRUMAN TWILL

The death from heart disease of Anthony Cornero Stralla in a sumptuous suite at the Desert Inn at Las Vegas, Nev., is the end of a story made to order to puzzle us characters who were encouraged to follow in the footsteps of Horatio Alger's sturdy little heroes.

Stralla, says Associated Press, was going to open another casino-hotel in Las Vegas, the Stardust. He had greased all the palms and pulled all the strings essential to the success of the gigantic project. He was a big operator.

To get an idea of the size of the peanuts involved, there was a six-million-dollar lease for the gambling rights alone. This means, if it means anything, that the opportunity of fleecing the easy-come-easy-go crowd flocking to Las Vegas these days was worth a cool six million in one joint.

But it is Stralla, himself, who holds the morbid fascination for us heroes following in the footsteps of Alger's sturdy little chaps.

If Stralla, who was known in the trade, as Tony Cornero, ever thought about us, it must have given him a good deal of amusement.

Associated Press says he cornered a million in quick turnover in the booze business as a rum runner before he was 30. That would have been when most of us Algerites were sweating out the payments on our first mortgages.

When prohibition repeal ruined the booze racket, he became a successful operator of gambling ships, which he anchored off the coast of California for the convenience of the seagoing easy-come-easy-go crowd.

This led to a series of legal skirmishes with Earl Warren, who later was to become the chief justice of the United States but then was the attorney general of California. When the skirmishes ended, Stralla was loaded so abundantly he could afford to get into legitimate business. Warren won and so did Tony.

In the meantime a lot of other baddies who had not been diverted by the Alger legend had something real good going at Las Vegas, thanks to a set of laws which said gambling was to be encouraged as long as it divvied up with the state. This was a heaven-sent opportunity for baddies to be converted into goodies by sliding across a state line with their illicit boodle and no questions asked.

Las Vegas became the illicit boodle capital of the U.S.A., an oasis to all the gamblers who ever dreamed of finding a place where they could fleece their victims and pull the wool over the eyes of politicians without interference from blue noses, legalists, or realists who know what happens when lifelong baddies can flex their muscles in the cloak of respectability.

Anthony Cornero Stralla was 55 before destiny finally pulled him down. It was his first losing encounter with something he couldn't lick.

Alger made it clear that virtue is its own reward. But how many of his heroes became honest hotel men in Las Vegas or ever had an offer to go out there and entertain the customers with their talent at umpity thousand dollars a week?

America has a new kind of success story. Alger's sturdy little heroes are beginning to look sort of square around the corners.

Quarantined Bug

Public Power Stalemate

By Raymond Moley

PORTLAND, Ore. People in the Pacific Northwest who realize the real need for additional electric power to supply the demands of a growing population are bitterly disappointed at the failure of this Congress to take action on several projects patterned upon the Eisenhower partnership idea.

Some have voiced the suspicion that because of the violent controversy over the Dixon-Yates contract and its ultimate failure, the President and his secretary of the interior have cooled off on the whole idea of partnership. At any rate, there has been no really strong administration support for legislation designed to get projects under way.

—:—

THE MOST important of the partnership plans for the Northwest is the John Day project. For many years there has been included in the plans for developing the Columbia River a dam built slightly below the place where the John Day River enters the Columbia. It would be located 75 miles below the new McNary Dam and 25 miles above the Dalles Dam, which is now under construction.

Under the partnership plan, the federal government would build, own, and operate the dam and its power facilities. The money for its construction, however, would only partially come from the federal government. Of the total estimated cost of 310 million dollars, local interests would contribute 273 million, and the federal government 37 million. The latter sum would cover only the aspects of the dam, such as flood control and navigation, which are the legitimate responsibility of the federal government.

—:—

MOST, AND IF necessary all, of the 273 million would be advanced by three private companies—the Pacific Power and Light, the Portland General Electric, and the Washington Water Power Company. There would be the possibility of cash advances from such public utility districts as should need the power.

The money advanced by the local participants would be recovered by the assignment to them of power from the dam after its completion under long-term contracts.

For stated reasons which certainly do not make sense to me, Sen. Morse has bitterly opposed this project as well as other partnership plans. He has been joined in his opposition by Oregon's other highly vocal senator, Richard Neuberger.

Their philosophy seems to hold that anything not built at the expense of federal taxpayers all over the nation and operated for the purpose of subsidizing power users in the Northwest is a give-away to sinister private interests.

—:—

THEY NEVER seem to realize that the people who buy power from private companies and those who happen to buy from public power agencies are the same sort of people, that strict regulation under law assures fair rates, and that whatever induces private money to share in the construction of such projects helps taxpayers everywhere.

A bill to authorize the John Day project was presented in the present Congress by Rep. Sam Coon of Oregon. It had almost general support by the press in Oregon and Washington. But hearings on it were for some reason delayed until late in July. Then, with witnesses all ready to present their evidence, the committee decided to call matters off until next year. Thus the opponents who profess to recognize the urgent need of new power facilities in the Northwest have brought about another year's delay.

No doubt, this and the Hell's Canyon project will provide the material for the Morse oratory in his campaign for re-election in 1956.

Medical Myths Persist

By Jerry Klein

So you think you know what ails you?

There's growing evidence that despite this being an age of miracle drugs and surgical wonders, John Citizen is as ignorant about his health as any cave man.

An associate professor of education at New York University, Dr. H. F. Kilander, outlined a survey not long ago which showed that few Americans know enough about their health "to act wisely for their own personal needs." The study indicated that only half of us know enough about nutrition to be able to select a balanced meal!

Dr. D. E. Yochem, medical director of the Farm Bureau Life Insurance Co., recently reported: "Medical science has come a long way from the time when sick people were thought to be possessed of the devil. But according to a survey, a lot of people still believe in the old myths."

—:—

TO HELP CORRECT some of these old fables of medicine, Dr. Yochem points out "Raw meat does absolutely nothing for a black eye; fish is not a 'brain food'; water is not fattening because it has no calories, and as far as is known, no contagious disease can be inherited."

Do you figure you'll give your blood pressure a break by laying off red meat for a while? Nonsense, says the doctor, meat consumption has nothing to do with the pressure in your blood vessels.

And he also explodes the idea that you may get sick from eating fish and drinking milk at the same meal. Dr. Yochem further states, "A prospective mother will not make her child more musical by listening to good music" and that "A mother who is frightened by something during preganancy needn't worry that her child will be disfigured by it."

—:—

A SURVEY TAKEN among Chicago physicians revealed that their patients had all sorts of crazy, mixed-up ideas about their health. One such misconception, reported by Dr. John Switzer, is that an infected appendix may result from swallowing fruit seeds.

The doctor pointed out that practically everyone swallows such seeds at some time and that appendicitis is caused by germs.

Some anxious adults believe that when a child grinds his teeth while sleeping, it indicates he has intestinal parasites or "worms." But Dr. Hugh Mackenchnie declared that children who are perfectly healthy sometimes grind their teeth while asleep.

The survey found one popular mistake to be that a sharp pain in the upper left chest indicates heart disease. Dr. Paul Silver pointed out that this type of pain also may be caused by neuralgia, rheumatism, pleurisy or muscular spasms. The pain of heart disease is not sharp and stabbing, he added, but "a dull, deep-seated crushing pressure" in the middle of the chest and perhaps radiating upward and into the left arm.

—:—

A CLEAN TOOTH never decays, some people claim. But Dr. E. A. Archer told the medical survey there is a lot more involved in tooth decay than whether its surface is bright and shiny. He said that many regularly polished teeth become infected while unbrushed ones remain healthy.

According to another perennial myth, your normal blood pressure is 100 plus your age. However, Dr. Sidney Strauss declared that "normal" pressure varies with individuals and may be anywhere from 100 to 180. He said that not only may blood pressure vary from person to person, but may even fluctuate in the same person at different times.

So the next time you diagnose your own aches and decide they're fatal, the next time you reach into the medicine cabinet for some favorite cure-all nostrum, remember these findings. Only the doctor can separate fact from fiction and do what's really best for you.

The Once Over

By H. I. Phillips

Letters for Special Delivery

To Commie Biggies Everywhere,

Gents: You are offering the usual cash settlements (as discount rates) as the protests continue to pour in but you are not doing anything that answers these questions from all civilized people: Why are you so jumpy that you shoot down passenger planes? What's going on behind Red borders that you don't even want a mother and two kids to see?

Is there terror in the thought that a Brooklyn rabbi is at prayer above your territory. Is there a menace to your safety in a pretty girl, on a vacation from a New York library, flying unwittingly through your air zones? Is the tranquility of Bulgaria imperiled by a writer of folks songs reading a Baedeker aloft?

-:-

ANY 10-YEAR-OLD school kid can tell a passenger plane from a war plane with one eye closed. Any air station can by a dozen scientific ways ascertain the type of plane overhead and its excuse for being there. Why must a Communistic state bring it down in flames?

The oldest rule of the roads (and air roads, too, among civilized people) is that a lost traveler rates an even break. Not even the man who plasters his property with "Beware of Dogs," "Keep off the Grass," "Private Property" and "No Trespassing" shoots a stranger on sight.

Oh, yes, you express regrets, knowing that the slaughter of 57 plane passengers doesn't blend into the cocktail parties, handshakes and smiles at Geneva. But this shooting down of airplanes without excuse has become a pattern. There have been too many to brush off.

I wonder if perhaps, as a shell tore off the ship's tail, an old man held in his lap a newspaper showing smiling, hand-waving Red leaders? Could be.

-:-

AND WHAT IRONY! There were Dutchmen, Africans, Englishmen, Poles, French, Germans, Israelis, Canadians and Americans aboard. They were nearing the historic region of the Manger, the Mother and Child, the Shepherds and the Sermon on the Mount.

It sets me to thinking. Herod, a trigger-happy type and killer, was nervous and full of apprehensions. But he found time to order "a diligent inquiry" before the violent act. Those assigned to adopt his pattern "went back another way" and avoided doing so. Even in the slaughter of the innocents he gave a little warning. What goes with you?

Yours, Just a Human Being

"THE TEMPEST" IS GETTING a wonderful performance in the Shakespearian presentations at Stratford-On-The-Housatonic. . . . This modern theater amazes folks accustomed to the present day city showhouse. . . . It has three huge parking fields and spacious tree-covered grounds directly on a breeze-swept river.

Colgate is still uncertain whether Lewis and Martin will make peace for the fall TV shows. . . . (*Is it possible that when each proposes* reconciliation the other says ("No soap!"?)

-:-

SARATOGA'S NINETIETH SEASON is on and up there you can see, if you look hard enough the ghosts of famed Revolutionary war heroes, sportive presidents, tycoons of yesterday, renowned people of a bygone theater period and still hear the memorable music of John Philip Sousa and Victor Herbert, to the tinkle of glasses on gaslit verandas. . . But the main street has gone Broadway and presents a picture of an old American avenue knocked a little groggy by its August visitors.

Here is Broadway out of its element and seeming incongruous under ancient elms and within a stone's throw of colonial homes, broad lawns, relaxed natives and the chirp of crickets during a study of racing charts.

-:-

MAYBE THE KREMLIN has adopted a slogan: "Put a smile in your HOAXING." . . . We wouldn't be surprised to find that the tombs of Lenin and Stalin have been done over in gay colors and that public exercises in grinning are being held in Red Square.

Erie Gets New Cars

CLEVELAND — Erie Railroad expects to have 300 new box cars in service by the end of the month which will help alleviate the present freight car shortage, Milton G. McInnes, vice president for operations, said today.

Deliveries of the new cars have been started by the Greenville Steel Car Co. at Greenville, Pa. The Erie expects to receive 15 cars per day until Aug. 29, Mr. McInnes said

The Erie has 200 more cars on order with another manufacturer and deliveries are expected in the near future, he said.

N.Y. Stock Quotations

NEW YORK (AP) — Aircraft led a rally in the stock market today in a rebound from Thursday's sharp fall.

Prices in the early afternoon were up one to around three points while losses went to around a point.

Trading was at a pace around two million shares for the day. Thursday's total was 2,210,000 shares.

The market sold off Thursday as banks boosted their charges for loans. There also was some disappointing corporate news.

Chrysler opened off 1½.

Standard Oil (NJ) off six points after directors declared the usual dividend but didn't mention a split of the stock, engineered a partial recovery today. Du Pont, also down six points Thursday retraced a major portion of its fall at times.

U. S. government bonds were higher.

Victim Was Right

OMAHA, Neb. (UP) — Morris Shapiro, restaurant owner, said, "You're kidding," when two men walked in and told him it was a stickup.

"No, we're not," one man said.

But Shapiro was right. He picked up the telephone to sound the alarm. One bandit fired a blank shell at him, and both fled.

Miss Erma Louise Morse Wed to Richard Thornton

A waltz-length gown of Alencon lace in a daisy design was worn by Miss Erma Louise Morse when she became the bride of Richard Larimore Thornton of Dayton Saturday evening in Central Christian Church. Closed church was observed for the ceremony read at 7:30 o'clock by Rev. Edwin Wilson of Yellow Springs.

The bride is the daughter of Mr. and Mrs. Lawrence B. Morse of 545 Avondale Ave. and the bridegroom is the son of Larimore L. Thornton of Atlanta, Ga. and the late Mrs. Thornton.

The bride was given in marriage by her father. Her gown, worn over satin, was styled with a fitted bodice fastened in the back with tiny self-covered buttons, and long sleeves ending in points at the wrists. Rhinestone centered lace daisies outlined the scoop neckline and tiers of ruffled lace formed the full skirt worn over hoops and satin petticoats.

—:—

HER FINGERTIP veil of bridal illusion was held with a small half-bonnet of rhinestone dotted lace and she carried a spray of red roses on a white Bible, the latter a graduation gift from her maternal grandparents, Mr. and Mrs. James Coykendall. Her jewelry was a single strand of pearls and matching earrings and she carried a white lace handkerchief, also a gift.

Mrs. Richard E. Houk of Tacoma, Wash., sister of the bride, was the matron of honor. Her gown was in a light blue shade, designed with an off-the-shoulder neckline and tiered skirt. She wore a stole of matching nylon tulle and rhinestone-trimmed headdress. White pompons and blue delphinium flowerets formed her bouquet.

Dr. Robert Orum of Groveport served as best man for the bridegroom and seating the guests were Thomas F. Slasor of Delaware, a fraternity brother and Lawrence E. Morse, brother of the bride.

For her daughter's wedding Mrs. Morse chose a dressmaker suit in pink nylon and wore white accessories and a corsage of white carnations.

For the ceremony the altar was decorated with baskets of white gladiola and lighted with tapers held in two seven-branch candelabra. A program of nuptial music was by Mrs. Virgil Curl, organist.

—:—

THE RECEPTION was at the Highway Hotel. Centering the bride's table was a triple-tiered wedding cake decorated with a miniature bride and bridegroom. Assisting were Mrs. John Sonnendecker and Mrs. Keith Johnson of Columbus and Miss Eileen Murray of Edinburgh, Scotland.

When the couple left on a wedding trip in Canada the bride was wearing a charcoal gray linen dressmaker suit, red accessories and a corsage of red roses. They will be at home after Aug. 15 at 701½ W. High St. in Springfield.

The bride was graduated from Harding High School where she was valedictorian of her class in 1949, and attended Ohio University. For the past three years she has been a laboratory technician at Doctors Hospital in Columbus and will be on the staff of the City Hospital in Springfield.

She is a member of Kappa Beta, Alpha Lambda Delta Sorority.

The bridegroom, a graduate of Fairview High School in Dayton in 1946, received his B. S. degree in education at Ohio State University in 1953 and will be on the faculty of the Springfield High School this fall. He is a lieutenant in the Air Force National Guard and a member of Kappa Phi Kappa, professional education fraternity.

Guests from out of the city included Larimore L. Thornton of Atlanta, Ga., Samuel M. Thornton of Houston, Texas, Mr. and Mrs. R. B. Stephenson and sons of Dayton, Mr. and Mrs. James Coykendall of Marengo, Mr. and Mrs. Charles Morse and family of Marysville, and others from Yellow Springs, Groveport, Delaware, Columbus and Dayton.

Lodge Activities

Mrs. Naomi McClaskey was installed as financial secretary at a meeting of Paramount Council No. 37, Daughters of America, Tuesday night in Odd Fellows hall.

She was installed by Mrs. Dessie Carpenter, council deputy, assisted by flag bearers.

Plans were made by a number of members to attend the state session in Columbus Aug. 15, 16 and 17 and it was announced that the district past counselors circle of District No. 4 would meet in Tiffin Saturday for a picnic at Hedge Park. Mrs. Blanche Hartpence, president of the Officer and Team Club, announced that a picnic would be held at Garfield Park Wednesday with a potluck supper to be served at 6 p.m.

—:—

Cooper Corps 194, Women's Relief Corps, met for a short business session in Grotto hall Tuesday afternoon.

Helen Weston, senior vice president, presided over the meeting attended by seven officers.

The group will meet again in two weeks at the home of Mrs. Ethel Warwick on S. Grand Ave. to sew rugs. A covered dish luncheon will be served at noon.

Doctor, 82, Fed Up With Retirement, Resumes Practice

MIDDLETOWN, Ohio (AP)—An 82-year-old ear, nose and throat specialist who says he became "bored with doing nothing" since he retired in 1950 has gone back to work at his profession.

And Dr. William H. Henry will resume his medical career just as he started it almost 40 years ago—with the Army.

Dr. Henry left yesterday for Ft. Myer, Va., where he will serve as a civilian medical officer and general practitioner in the post's outpatient clinic.

"It's an experiment," he said. "It's still my line of work and it will give me an interest."

Dr. Henry started his medical career while serving in the Army during World War 1. He is a native of Athens and came to Middletown after being discharged from the Army in 1923.

Miss Mary Alice Wilson, William Merchant Married

A single basket filled with white gladioli in a setting of palms and lighted tapers in tall candelabra decorated the altar in Trinity Baptist Church for the wedding of Miss Mary Alice Wilson and William Jay Merchant Saturday evening. Family pews were marked with white ribbon bows. The pastor, Rev. J. B. Holloway read the service at 7:30 o'clock.

The bride, who is the daughter of Mr. and Mrs. H. C. Wilson of 364 Blaine Ave., was given in marriage by her father. Her white waltz-length gown was styled with a fitted bodice and a bouffant skirt of scalloped ruffles of lace and net. Completing her costume was a lace jacket and she carried her bouquet of white carnations on a white Bible. Her jewelry, a rhinestone necklace and earrings, was a gift from the bridegroom.

The attendants, Miss Ann Arthur, who was the maid of honor, and Miss Marlene Turney of Bucyrus and Miss Betty Jones of Columbus, bridesmaids wore ballerina-length dresses of net. Miss Arthur was in yellow and carried purple asters, Miss Turney's gown was in an aqua shade and Miss Jones was in pink. Miss Turney carried shell pink asters and Miss Jones' bouquet was in a deeper shade. June Wilson, sister of the bride, wearing a blue silk and acetate dress and carrying white asters, was the junior bridesmaid.

SERVING AS best man for the bridegroom, who is the son of Mr. and Mrs. W. T. Merchant of 239 S. Grand Ave., was James Merchant and ushers were Kenneth Cranmer and Larry Harper.

The bride's mother was costumed in a blue lace dress with which she combined a light blue hat and gloves and navy accessories. Her corsage was pink carnations. A navy blue dress, matching hat and accessories was worn by Mrs. Merchant and her flowers were white carnations.

Music for the ceremony was by Miss Judy Maxim, organist.

The reception was in the church parlors where the hostesses were Mrs. Floyd Arthur, Mrs. Lulu Messenger, Mrs. Pauline Wilson, Miss Elsie Crouso, Miss Carol Morgan, Miss Harriet Orr and Miss Jane Tumbleson. The serving table held a three tiered wedding cake and was decorated with small bouquets of summer flowers.

Woman Says Actor Mauled Her, Asks $10,000 Damages

LOS ANGELES (AP)—Actor Sonny Tufts, who has twice been sued by women who claimed he hit them, was named defendant Thursday in a $10,000 damage complaint filed by Mrs. Adrienne Formar, 22. She said Tufts insisted on sitting at a restaurant table occupied by her and her mother, and that when she objected he mauled and pinched her.

Last January Tufts settled for $600 a suit dancer Margarie Von filed, claiming he hit her in the thigh. Last year another dancer, Barbara Gray Atkins, dropped a suit before it reached trial. She also claimed Tufts hit her thigh.
